REQUEST FOR PROPOSALS GSWA-RFP002-22 LANDFILL COMPLIANCE AND ENGINEERING CONSULTING SERVICES

AMENDMENT NO. 4

ANSWERS TO WRITTEN QUESTIONS SUBMITTED BY POTENTIAL OFFERORS ARE LISTED BELOW WITH GSWA'S RESPONSE.

The RFP documents of the above project are hereby amended as follows:

Question 1. Since a SOW is not provided and costs are not to be included in the proposal submittal the prime contractor cannot anticipate the level of subcontractor involvement. Would GSWA consider removing this requirement from the solicitation? (*Including time commitment of subcontractor personnel and Section XI. Subcontractor Utilization Form*)?

Response: The requirement of submitting the Subcontractor Utilization Form and Subcontractor Information in sections L, M, X, with the offeror's proposal will be waived, however, the Contractor shall not subcontract, or enter into any consulting or subcontracting agreements pertaining to the Contractor's obligations under this Agreement, without obtaining approval from GSWA.

Question 2. Please clarify the page count for required sections – For example, the RFP states that "Sections I, J, K, L, M, and N below, shall not exceed fifteen (15) pages total (exclusive of resumes and exhibits)" but there is no mention of Section O?

Response:

Amend page 5 of 54 from:

Sealed Proposals shall be submitted including one (1) fully executed original and five (5) copies. Faxed or Emailed proposals will not be accepted. Failure to submit the required forms in the number or format required may be cause for rejection of Proposals due to non-responsiveness. The narrative Statements of Qualifications, which consist of the total of all of the responses to Sections I, J, K, L, M, and N below, shall not exceed fifteen (15) pages total (exclusive of resumes and exhibits). See the Proposal Format and Content provisions for full instructions and minimum requirements for the content of the Proposal.

To now read:
