EMAILED QUESTIONS RECEIVED FROM GHD ON FRIDAY, MAY 3, 2024 @ 10:27AM

1. Under 2.2 – Evaluation Criteria and Scale, can the difference between A.4 and A.5 be explained.

GVB RESPONSE: A.4 asks for the primary person or person(s) who will work with GVB specifically on the projects itemized in 1.1 Scope of Work.

A.5 asks for the resumes of anyone else who will be involved in performing the work. These will include any position listed in the company's Standard Billable Rates for Professional Engineering and Architectural Services. This is a breakdown of the hourly rates of all staff, from principal-in-charge to the administrative clerk, including any other non-listed specialty services or sub-consultants.

2. Can a sample agreement be provided for review.

GVB RESPONSE: No. Each task order assigned will be specific to the project and based on the scope of work required, agreed timeline, contractor's proposed cost, the project budget, and other terms and conditions agreed upon during the project meeting between contractor and GVB.

3. Will an interview be included in the selection process.

GVB RESPONSE: Please refer to Section 1.11 Presentations by Offerors.
