INVITATION FOR BID GSWA-009-24 STATIONARY COMPACTORS & ROLL-OFF CONTAINERS

Questions and Concerns received from Far East Equipment Co. on August 2, 2024

1. In reviewing the responses to the Question and the subsequent response with pictures from GSA, Item 2.0 is still not clear for the following reasons: The pictures sent for item 2.0 are not for a roll off bin with a roof. The pictures supplied were pics of the compactor. Please see attached brochure of roll-off bins with a roof and advise which one of these units is the one GSWA is looking for.

Response: After further consideration, we have decided to revise the specifications. GSWA will now require open top roll-off containers instead of those with lids. See Amendment No. 6.

2. Regarding the site inspection for the compactors, is there a reason why 3 site inspections were done when only 2 compactors are on the solicitation? Will the quantity be amended to 3 units?

Response: Quantity was increased from 2 to 3 for item 1.0. Refer to Amendment No. 5.
