**RESPONSE:**

**Bidder No. 1 inquiry date 08/23/2024:**

**QUESTION:**

1. We received the mark up drawings A & B per your Amendment I and GPA is requesting to "add spare Auxiliary switch contact". Per manufacturer, this auxiliary switch contact are not part of the vacuum circuit breaker. We can include this to be field installed by GPA on existing switchgear cubicle, however please provide the Qty., manufacturer's name and catalog number so we can get the price.

**ANSWER:**

The Spare Auxiliary contacts referred to in the mark-up on the drawing were not intended to be taken as external Mechanism-Operated Control (MOC) auxiliary switches which the vendor appears to have thought. What the Authority requires are spare "a" and "b" contacts which should be part of the breaker. GPA usually require a minimum of 10 each "a" and 10 each "b" contacts connected to the mechanism of each breaker. These shall be wired to terminal blocks on the breakers.

All other Terms and Conditions in the bid package shall remain unchanged and in full force.
