The CONTRACTOR shall also provide qualified and trained personnel to safely, efficiently and legally supply as required by the Authority under this IFB.

GUAM POWER AUTHORITY

ATURIDÁT ILEKTRESEDÁT GUÅHAN
P.O.BOX 2977 • HAGÁTÑA, GUAM U.S.A. 96932-2977

July 19, 2024

AMENDMENT NO.: VI

TO

INVITATION FOR MULTI-STEP BID NO.: GPA-050-24

FOR

SUPPLY OF DIESEL FUEL OIL NO. 2 TO VARIOUS GPA PLANT SITE LOCATIONS

Prospective Bidders are hereby notified of the following response to clarification of Amendment Nos. IV and V from Bidder No.: 1 dated July 17, 2024:

Bidder No.: 1 inquiry received 07/17/2024:

QUESTION:

1. Bidder No. 1 would like to ask for your clarification and consideration to the following questions related to IFB No. MS GPA-050-24 based on Amendment Nos. IV and V dated July 01, 2024 and July 15, 2024 respectively:

Will the Price Proposal submitted for each year within the contract base period for each site location be analyzed individually? If yes, is there a possibility for there being a different successful bidder for a site location for each year within the contract base period?

ANSWER:

It will be analyzed individually for the best-priced proposal for the THREE (3) year contract base period. Winning bidder for each site location will be awarded for the entire base period of THREE (3) years.

QUESTION:

2. For delivery to Piti 7, please clarify if bidders will be allowed to provide individual price proposals for pipeline delivery and tank truck delivery respectively.

ANSWER:

For Piti 7, you may send price proposal for pipeline delivery but it is not mandatory and will not be evaluated. Only price proposal for Tanker Truck Delivery to Piti 7 will be evaluated on the bid proposal evaluation day.

Note that: GPA installed a new pipeline network to Piti 7 for transferring ULSD primarily from GPA bulk storage. In the event that such pipeline facility is not available or become unavailable, diesel fuel must be supplied by the contractor on an "As Needed" basis from the contractor facility to GPA plant.

All other Terms and Conditions in the bid package shall remain unchanged and in full force.

JOHN M. BENAVENTE, P.E.
 General Manager

July 15, 2024

AMENDMENT NO.: V

TO

INVITATION FOR MULTI-STEP BID NO.: GPA-050-24

FOR

SUPPLY OF DIESEL FUEL OIL NO. 2 TO VARIOUS GPA PLANT SITE LOCATIONS

Prospective Bidders are hereby notified of the following response to clarification of Amendment No. IV from Bidder No.: 2 dated July 09, 2024:

Bidder No.: 2 inquiry received 07/09/2024:

QUESTION:

1. Amendment IV, received on 7/01, indicates that the Price Proposal Submissions and Opening are rescheduled and combined into one day on 8/9/24. Prior to Amendment IV, Price Proposal Submission and opening were scheduled sequentially by site location one week apart (7/15, 7/23, 7/29, 8/5 respectively).

Bidder No.: 2 is requesting for clarification regarding this change. Please see following inquiry below:

1. Will the Price Proposal submitted for each Site Location be analyzed individually?
2. Or will the Proposals for all site locations be aggregated and awarded to a single bidder?
3. Will we need to submit Price Proposals individually by Site Location or all together on a single form?

ANSWER:

1. Yes, price proposal will be analyzed individually per Site Location.
2. No, it will not be aggregated and will not be awarded to a single bidder. All will be evaluated per Site Location. Please refer to Volume 1 Section 2.13 "GPA reserves the right to make multiple awards, partial awards, award by site location, or award in whole, whichever may be most advantageous to the Authority".

3. All bidders should submit Price Proposal individually per Site Location per form, *not all together in a single form*. All bid proposals shall be submitted on or before the date of cut-off.

All other Terms and Conditions in the bid package shall remain unchanged and in full force.

 JOHN M. BENAVENTE, P.E.
General Manager

May 23, 2024

AMENDMENT NO.: III

TO

INVITATION FOR MULTI-STEP BID NO.: GPA-050-24

FOR

SUPPLY OF DIESEL FUEL OIL NO. 2 TO VARIOUS GPA PLANT SITE LOCATIONS

Prospective Bidders are hereby notified of the following change and response to inquiries received from Bidder No.: 1 dated May 02, 2024 and May 17, 2024:

CHANGE:

REMOVE Page 58 of 141 and *REPLACE with* Page 58a of 141 (see attached):

Under VOLUME II - CONTRACT, SECTION 23. CONTRACTOR'S INSURANCE, ITEM E. EXCESS LIABILITY delete entire verbiage and replace with:

Excess Liability with limits of \$5,000,000 over the General Liability, Auto Liability, and worker's compensation policies. GPA shall be named as an additional insured. CONTRACTOR shall grant waiver of Subrogation in favor of GPA. This coverage shall be on a primary and non-contributory basis and Policy must have MCS 90 endorsement.

Cancellation Clause:

All policies above shall contain the following Cancellation clause:
The Insurance company shall notify in writing the Guam Power Authority (insured) a minimum of 60 days prior to any material changes or cancellation of coverage.

GPA will waive the Excess Liability requirement provided:

1. The CONTRACTOR complies with the requirement for the Commercial General Liability under Paragraph B above (including the extensions of coverage required under Paragraph B), and the Property Damage Limits in Subparagraph 1 is increased to \$6,000,000 for each occurrence.
2. The policy for the Commercial General Liability and the Automobile Liability under Paragraphs B and C above, carries the MCS90 endorsement.

RESPONSES:

Bidder No.: 1 inquiry received 05/02/2024:

QUESTION:

1. The Commercial Terms and Conditions of GPA Bid No. MS GPA-050-24 (specifically Clause 2.13 found on page 22 of 141) requires a successful bidder to provide a performance bond within 14 days of the GPA Notice of Intent. This appears to be in conflict with Guam Procurement law (5 G.C.A. § 5212) that states no separate performance bond shall be required in a bid and instead a bid bond submitted, that is held until complete delivery by a successful bidder, should be satisfactory to adequately protect a government agency from default. Therefore, can GPA provide reasons as to why a bidder is required to issue both a bid bond and a performance bond in IFB No .MS GPA-050-24? Further, considering the reasons provided are in accordance with Guam Procurement law, would GPA accept a performance bond limited to US\$5M?

ANSWER:

Under the Guam Procurement Law, bidders must submit a bid bond in the amount of 15% of the total bid. 5 GCA §5212(b). The bid security then becomes the performance bond of the successful bidder. 5 GCA §5212(g).

In this case, GPA's IFB is allowing bidders to submit a bid bond in the amount of \$500,000 due to the belief that no vendors will bid on the procurement if the required bid bond is 15% of this high value contract.

A bidder wants to know why GPA is asking for a performance bond. The reason is because the law so requires. See 5 GCA §5212(b) & (g). The bidder is also asking if GPA can limit the performance bond to \$5 million. Because the Procurement Law requires a performance bond of 15% of the total bid, GPA can accept \$5 million as the performance bond if that is equal to 15% of the bid amount.

Bidder No.: 1 inquiry received 05/17/2024:

QUESTION:

1. This is in reference to Section to Section 23. E. Excess Liability on page 58 of 141, IFB No. MS GPA-050-24. Please confirm if Contractor is required to provide Excess Liability Insurance, should the Commercial General Liability Insurance exceed the \$5M requirement over the General Liability, Auto Liability, and Workers compensation policy requirement.

ANSWER:

The Excess Liability Insurance is an additional and separate requirement that must be provided by the Contractor. This is an additional coverage that activates in the event that any of the other required insurance policy(ies) enumerated above exceeds its limits.

However, GPA will waive the Excess Liability requirement if the following are provided:

- a. For the Commercial General Liability in Paragraph B: Property Damage Limit in Subparagraph 1 is increased to \$6,000,000 for each occurrence; and
- b. For the Commercial General Liability and Auto Liability in Paragraphs B and C, respectively: Policy carries the MCS90 endorsement.

Refer to *CHANGE* above.

QUESTION:

2. As seen in Section 11.A. Delivery by Tanker Truck on page 48 of 141, IFB No. MS GPA-050-24, the provision states that "CONTRACTOR at it sole expense, shall provide a pump and unload the product from the tank truck into GPA fuel receiving facility". Please confirm if Contractor would be able to utilize any GPA owned transfer pumps located at various GPA locations in IFB No. MS GPA-050-24. If yes, please advise of all GPA locations where Contractor may utilize GPA owned transfer pumps to unload the product from tanker truck to GPA fuel receiving facility.

ANSWER:

Amendment 1 issued on May 7, 2024 re-scheduled another site visit for May 09, 2024 to provide prospective bidders an opportunity to assess the various plant locations to include the condition of the fuel receiving facility and the transfer pumps.

GPA pumps are installed at some plant locations and may be utilized by the Contractor (if available and if in working condition). In all other cases that the pumps are not available or becomes unavailable, pump(s) for fuel unloading from the tanker trucks into the GPA receiving facility shall be provided by the Contractor at its sole expense as required under the contract.

Refer to Amendment No. 2 response to item 2 of Bidder No. 2 inquiry dated May 03, 2024.

All other Terms and Conditions in the bid package shall remain unchanged and in full force.

BEATRICE "TRICEE" P. LIMTIACO
General Manager (A) 

Policy must have MCS 90 endorsement.

This coverage shall be on a primary and non-contributory basis.

D. POLLUTION LIABILITY INSURANCE:

The **CONTRACTOR** shall take out and maintain during the life of the Contract, Pollution Liability Insurance with minimum limits of \$5,000,000 that provides coverage for third party bodily injury, third party property damage, and clean-up cost whether ordered by a government entity or not ordered by a government entity. Grant waiver of subrogation in favor of **GPA**. **GPA** is to be an additional insured.

This coverage shall be on a primary and non-contributory basis.

* **E. EXCESS LIABILITY**

Excess Liability with limits of \$5,000,000 over the General Liability, Auto Liability, and workers compensation policies. **GPA** shall be named as an additional insured. **CONTRACTOR** shall grant Waiver of Subrogation in favor of **GPA**. This coverage shall be on a primary and non-contributory basis and Policy must have MCS 90 endorsement.

Cancellation Clause:

All policies above shall contain the following Cancellation clause:

The insurance company shall notify in writing the Guam Power Authority (insured) a minimum of 60 days prior to any material changes or cancellation of coverage.

GPA will waive the Excess Liability requirement provided:

1. The **CONTRACTOR** complies with the requirement for the Commercial General Liability under Paragraph B above (including the extensions of coverage required under Paragraph B), and the Property Damage Limits in Subparagraph 1 is increased to \$6,00,000 for each occurrence.
2. The policy for the Commercial General Liability and the Automobile Liability under Paragraphs B and C above, carries the MCS90 endorsement.

F. CERTIFICATE OF INSURANCE:

The **CONTRACTOR** shall furnish **GPA** with two (2) copies of a Certificate of Insurance evidencing policies required in Paragraphs A, B, C, D, and E above. Such certificates shall specifically indicate that the Commercial General Liability Insurance includes all extensions of coverage required in Paragraph B., Subparagraph 2. above. Such certificate shall specifically state that the insurance company or companies issuing such insurance policies shall give **GPA** at least sixty (60) days written notice in the event of cancellation of or material change in any of the policies. If coverage on said certificate(s) is shown to expire prior to completion of all terms of this Contract, the **CONTRACTOR** shall furnish a Certificates of Insurance evidencing renewal of such coverage to **GPA**. The Certificates of Insurance shall clearly show this Contract number.

May 20, 2024

AMENDMENT NO.: II

TO

INVITATION FOR MULTI-STEP BID NO.: GPA-050-24

FOR

SUPPLY OF DIESEL FUEL OIL NO. 2 TO VARIOUS GPA PLANT SITE LOCATIONS

Prospective Bidders are hereby notified of the following changes and response to inquiries received from Bidder No.: 1 dated May 02, 2024, May 03, 2024 and Bidder No.: 2 dated May 03, 2024:

CHANGES:

1. *REMOVE* Page 59 of 141 and *REPLACE with* Page 59a of 141 (see attached):

Under VOLUME II – CONTRACT, SECTION 24. INDEMNITY, delete entire verbiage and replace with:

“CONTRACTOR shall indemnify and hold GPA harmless from all damages to persons or property or to receiving facilities and delivery facilities, regardless of ownership, including the cost of enforcement of the indemnity, actually and proximately caused by CONTRACTOR or its agents in making deliveries hereunder. CONTRACTOR shall be responsible for cleaning up any oil spillage caused by it or its agent or CONTRACTORS during the process of oil delivery. CONTRACTOR shall carry at all times appropriate levels of insurance as determined by GPA to cover any such damage.”

2. *REMOVE* Page 78 of 141 and *REPLACE with* Page 78a of 141 (see attached):

Under VOLUME II – CONTRACT, SCHEDULE B ESTIMATED ANNUAL FUEL OIL REQUIREMENTS, delete entire verbiage and replace with:

“This information is provided as reference material only. Although every attempt has been made to ensure its accuracy, GPA makes no guarantees that these projected quantities will be achieved but they may be exceeded. GPA expressly disclaims any liability whatsoever arising from reliance or non-reliance of the data forecast provided.”

RESPONSES:**Bidder No.: 1 inquiry received 05/02/2024:****QUESTION:**

1. The Commercial Terms and Conditions of GPA Bid No. MS GPA-050-24 (specifically Clause 2.13 found on page 22 of 141) requires a successful bidder to provide a performance bond within 14 days of the GPA Notice of Intent. This appears to be in conflict with Guam Procurement law (5 G.C.A. § 5212) that states no separate performance bond shall be required in a bid and instead a bid bond submitted, that is held until complete delivery by a successful bidder, should be satisfactory to adequately protect a government agency from default. Therefore, can GPA provide reasons as to why a bidder is required to issue both a bid bond and a performance bond in IFB No .MS GPA-050-24? Further, considering the reasons provided are in accordance with Guam Procurement law, would GPA accept a performance bond limited to US\$5M?

ANSWER:

A response shall be forthcoming.

QUESTION:

2. Can GPA confirm if the US\$500K Bid Bond for IFB No. MS GPA-050-24 is to be submitted together with the Technical Proposal or Price Proposal?

ANSWER:

The US\$500K Bid Bond for IFB No. MS GPA-050-24 must be submitted together with the Technical Proposal (Refer to Page 2 of 141, Special Reminders to Prospective Bidders).

QUESTION:

3. As seen in Page 48-49 of 141 of IFB No. MS GPA-050-24, Section 11. Quantity and Quality Insurance, the required Delivery methods under this solicitation are tank truck delivery and pipeline transfers only, and not vessel delivery. Therefore, can GPA confirm whether the requirement under Section 24 (Indemnity) of the proposed Formal Contract (page 59 of 141) – “The CONTRACTOR shall ensure that any vessel owned or chartered by the CONTRACTOR for deliveries under this agreement shall meet the requirements of the U.S. Oil Pollution Act of 1990(OPA 90)” – is applicable?

ANSWER:

Refer to *CHANGES No. 1* above.

QUESTION:

4. Please provide names of plants that have a pipeline for transferring Diesel Fuel Oil No. 2 primarily from the GPA bulk storage facility(ies).

ANSWER:

Piti 7 is currently connected to the pipeline network for transferring Diesel Fuel Oil No.2 primarily from the GPA bulk storage facility(ies).

QUESTION:

5. What is the primary method of delivery to Piti 7?

ANSWER:

Pipeline transfer from the GPA bulk storage facility(ies) shall be the primary method of delivery to Piti 7. In the event that the pipeline is not available or becomes unavailable for any reason, ULSD shall be delivered by road tankers under this contract.

QUESTION:

6. As seen in Page 48 of 141 of IFB No., MS GPA-050-24, Section 10, Clause a. Delivery by Tanker Truck, please clarify if the clause, “Contractor at its sole expense, shall provide a pump and unload the product from the tanker into the GPA fuel receiving facility” is valid based on the use of GPA supplied pumps to unload project today.

ANSWER:

No change. The GPA pumps at the plants (if in case available and if in working condition) may be utilized by the Contractor. In all other cases and as required under the contract, pump shall be provided by the Contractor.

QUESTION:

7. What is the expected start-up date for the Ukudu power plant, and how long is the start-up phase expected to last before the plant is considered fully operational?

ANSWER:

The Guam Ukudu Plant ("GUP") projected to be commissioned in September 2025.

QUESTION:

8. Can GPA confirm if the Estimated Annual Requirement in Schedule B (Page 78 of 141 of IFB No. MS GPA-050-24), reflects the impact on volume once the Ukudu power plant is fully operational? Providing such information may enable GPA to receive a competitive price offer.

ANSWER:

Refer to *CHANGES No. 2* above.

The Estimated Annual Requirement in Schedule B is prior to the commissioning of the GUP.

QUESTION:

9. As seen in Page 78 of 141 of IFB No. MS GPA-050-24, Schedule B. Estimated Annual Fuel Oil Requirements, would GPA guarantee the minimum contract volumes per Plant Site location? If volumes are not met, may the supplier impose a fee if actual volumes are below the minimum volume threshold? Providing such guarantee may enable GPA to receive a competitive price offer.

ANSWER:

No change.

Refer to *CHANGES No. 2* above.

As stated in Schedule B, "This information is provided as reference material only. Although every attempt has been made to ensure its accuracy, GPA makes no guarantees that these projected quantities will be achieved buy they may be exceeded. GPA expressly disclaims any liability whatsoever arising from reliance or non-reliance of the date forecast provided."

QUESTION:

10. Can GAP confirm whether the contract price may be adjusted for after local or federal taxes (e.g., oil spill/superfund tax) are imposed? Additionally, could GPA confirm if the contract price may be reduced if local or federal taxes are exempted?

ANSWER:

Any additional taxes are subject to the review of GPA and may be adjusted for after local or federal taxes, if applicable, and provided it took into effect after the bid price submittal date.

QUESTION:

11. Would GPA consider changing the MOPS window from the prior month average to the current whole month average?

ANSWER:

No changes.

QUESTION:

12. Is GPA open to considering proposals that include a floating freight formula? This may enable GPA to pay less when freight prices decrease.

ANSWER:

No changes.

QUESTION:

13. Would GPA accept changing the Fatty Acid Methyl Ester (FAME) specification from a maximum of 0.1% Vol% to "Report"?

ANSWER:

No changes.

Bidder No.: 2 inquiry received 05/03/2024:

QUESTION:

1. Please provide historical ULSD monthly consumption for the past 3 calendar years.

QUESTION:

2. Please confirm that product receiving pumps are available at each receiving facility:
 - a. Yigo CT*
 - b. Yigo Diesel*
 - c. Dededo CT*
 - d. Macheche CT*
 - e. Cabras 1&2
 - f. Piti 7*
 - g. Manenggon
 - h. Talofoyo

ANSWER:

The sites marked with an asterisk (*) currently have transfer pumps. The GPA pumps at the plants (if in case available and in working condition) may be utilized by the Contractor. In all other cases and as required under the contract, pump(s) shall be provided by the Contractor.

Amendment I to the solicitation issued on May 7, 20204 re-scheduled the site visit for May 9, 2024 to give the proponents the opportunity to assess the site facilities to include the transfer pumps.

QUESTION:

3. Please provide the maintenance schedule for each facility for the contract period:
 - a. Yigo CT
 - b. Yigo Diesel
 - c. Dededo CT
 - d. Macheche CT Cabras 1&2
 - e. Piti 7
 - f. Manenggon
 - g. Talofoyo

ANSWER:

The maintenance schedule is as follows:

MAINTENANCE SCHEDULE as of 4/25/2024

Maintenance schedules are subject to change and will be updated periodically and may be shared to the Contractor for fuel delivery planning purposes.

QUESTION:

4. Please provide the maintenance schedule for MEC 8 & 9 during the contract period.

ANSWER:

The maintenance schedule is as follows:

MAINTENANCE SCHEDULE as of 4/25/2024

CY 2024	Jan-24	Feb-24	Mar-24	Apr-24	May-24	Jun-24	Jul-24	Aug-24	Sep-24	Oct-24	Nov-24	Dec-24
Pti 8 (IPP)						12-13			4-5	15-17		
Pti 9 (IPP)							5-6		11-12		13-15	

CY 2025	Jan-25	Feb-25	Mar-25	Apr-25	May-25	Jun-25	Jul-25	Aug-25	Sep-25	Oct-25	Nov-25	Dec-25
Pti 8 (IPP)	8-10		17-18		7-8		9-10		10-11		12-14	
Pti 9 (IPP)	15-17		19-20		14-15		15-16		16-30	1-5		10-12

CY 2026	Jan-26	Feb-26	Mar-26	Apr-26	May-26	Jun-26	Jul-26	Aug-26	Sep-26	Oct-26	Nov-26	Dec-26
Pti 8 (IPP)	21-22			1-2		3-4		12-13		21-22		
Pti 9 (IPP)		4-5		8-9		10-11		19-20		28-29		

Maintenance schedules are subject to change and will be updated periodically and may be shared to the Contractor for fuel delivery planning purposes.

QUESTION:

5. When is the Okkudo Power Plant expected to be commission and online?

ANSWER:

If referring to the Guam Ukudu Plant (“GUP”), it is projected to be commissioned in September 2025.

QUESTION:

6. Once the Okkudo Power Plant is commissioned and online, what impact will this have to the estimated annual fuel oil requirements indicated in Volume II, Schedule B of MS IFB GPA-050-24?

ANSWER:

The projected fuel consumption for the plants listed in Schedule B may decrease once the GUP is online.

Refer to *CHANGES No. 2* above.

QUESTION:

7. In recent newsletter by GPA, it states that GPA has plans to bring Tenjo and Manenggon Diesels back online. What impact will this have to the estimated annual fuel oil requirements indicated in Volume II, Schedule B of the MS IFB GPA-050-24?

ANSWER:

The projected fuel consumption for the plants listed in Schedule B may be reduced.

Refer to *CHANGES No. 2* above.

Bidder No.: 1 inquiry received 05/03/2024:

QUESTION:

1. Seeking approval to visit select GPA locations to conduct full site delivery assessments based on IFB No, MS GPA-050-24.

ANSWER:

Amendment I to the solicitation issued on May 7, 2024 re-scheduled the site visit for May 9, 2024 to give the proponents the opportunity to conduct full site delivery assessments based on IFB No. MS GPA-050-24.

All other Terms and Conditions in the bid package shall remain unchanged and in full force.

BEATRICE "TRICEE" P. LIMTIACO
General Manager (A)  

The **CONTRACTOR** shall provide a copy of their Insurance Policy to **GPA** as part of the bid requirements. All updates or revisions after contract commencement shall also be forwarded to **GPA**.

G. SUBCONTRACTOR'S INSURANCE:

The **CONTRACTOR** shall require each of his Subcontractors to take out and maintain during the life of his Subcontract, the same insurance coverage required of the **CONTRACTOR** under Paragraphs A, B, C, D, and E above, including the extensions of coverage required under Paragraph B., Subparagraph 2, above. Each Subcontractor shall furnish to the **CONTRACTOR** two (2) copies of a Certificate of Insurance and such certificate shall contain the same information required in Paragraph B. above. The **CONTRACTOR** shall furnish one (1) copy of the certificate to **GPA**.

H. INSURANCE COMPANY AND AGENT:

All insurance policies herein required of the **CONTRACTOR** shall be written by a company duly authorized to do business in the Territory of Guam and where supply under this Contract is being performed and be executed by some agent thereof duly licensed as an agent in said State or Territory.

*** SECTION 24. INDEMNITY**

CONTRACTOR shall indemnify and hold **GPA** harmless from all damages to persons or property or to receiving facilities and delivery facilities, regardless of ownership, including the cost of enforcement of the indemnity, actually and proximately caused by **CONTRACTOR** or its agents in making deliveries hereunder. **CONTRACTOR** shall be responsible for cleaning up any oil spillage caused by it or its agent or **CONTRACTORS** during the process of oil delivery. **CONTRACTOR** shall carry at all times appropriate levels of insurance as determined by **GPA** to cover any such damage.

SECTION 25. TRANSPORTATION

CONTRACTOR shall arrange for the transportation of the Fuel Oil to the GPA storage facilities. All risk of loss, cost and liabilities prior to the time of passage of title of the Fuel Oil shall be on the **CONTRACTOR**.

SCHEDULE B: ESTIMATED ANNUAL FUEL OIL REQUIREMENTS

This information is provided as reference material only. Although every attempt has been made to ensure its accuracy, **GPA** makes no guarantees that these projected quantities will be achieved but they may be exceeded. **GPA** expressly disclaims any liability whatsoever arising from reliance or non-reliance of the data forecast provided.
