Bidder No. 6 inquiry dated 04/01/2025:

QUESTION:

1. I have a supplier who's saying they don't see any indication in the spec sheet on whether the winding material is copper or aluminum. Could you please advise?

ANSWER:

The winding material can be either copper or aluminum as long as all other specifications are met in the bid packet.

Bidder No. 9 inquiry dated 04/07/2025:

QUESTION:

1. Before placing our interest in tendering and commence with preparing the required documentation, we would like to enquire few aspects, mainly related to the current situation with US Tariffs announcement.

Would it be possible to get some guide or comments on how the new US Tariffs would impact pricing in this tender/bid please?

ANSWER:

Generally, vendors are responsible for paying the tariffs when they import goods into the U.S. Vendors have three options as to what to do about the cost of the tariffs:

- (1) pay the tariff and absorb the cost themselves;
- (2) renegotiate prices with the vendor's foreign supplier and share the cost; or
- (3) pass the tariff on to the vendor's customer and avoid the cost

Which option a vendor chooses depends on which option the vendor thinks best serves their interests.

Bidder No. 6 inquiry dated 04/10/2025:

QUESTION:

1. At this point, I believe we'll need to ask for a bid date extension for another week to give us time to prepare a quotation as well as prepare the bid bond.

Formally requesting for another week for bid date.

ANSWER:

Refer to **CHANGE** above.

1. May we request an extension for the bid opening of GPA-034-25 Pad Mounted Transformers from April 16, 2025 to April 23, 2025, we are still awaiting the quotation from our supplier.

ANSWER:
