FINAL
QUESTION AND CONCERN RESPONSE
MCOG-25-004
LAPTOPS WITH ACCESSORIES

Follow Up Question and Concern received by Data Management Resources September 9, 2025.

1. **Question:** Relative to MCOG Response to Question 6 from DMR, dated Sep. 3, 2025, please confirm that the bidder must provide evidence as a manufacturer-authorized reseller/partner of the products provided. This is an essential requirement to ensure proper warranty registration and continued support throughout the warranty term.

Response: The MCOG confirms evidence as a manufacturer-authorized reseller/partner does not need to be provided. Bidder shall indicate in the "Bidding On/Remarks" column of the bid whether or not their bid complies on each item specified. Please refer to Amendment #4.

2. **Question:** Relative to MCOG Response to Question 1 from JMI Health care Systems, dated Sep. 8, 2025, MCOG directs the prospective bidder to refer to 2 GAR, Div 4 §3110.1, and indicates "Requirements should be submitted as part of your company's proposal by the bid opening date and time indicated for this IFB."

a) Subsection 3110.1 allows a contract to be awarded to a nonprofit corporation without going through the competitive sealed procedure, provided the contractor is a non-profit corporation employing sheltered or disabled workers. As IFB MCOG-25-004 has already been issued as competitive sealed bid procedure, please clarify the applicability of §3110.1 to the Invitation for Bid MCOG-25-004.

Response: The MCOG is not aware of any non-profit organization, therefore section § 3110.1 is not applicable at this time.

b) If MCOG finds that §3110.1 is applicable to IFB MCOG-25-004, as the IFB does not require any services or labor, only equipment, please clarify what labor on the project will be required by the bidder to be performed by disabled persons as a condition of the award of the contract per § 3110.1

Response: Please refer to response provided to question 2.a).
