**QUESTION:**

1. Please see the question regarding GPA-015-26 – Pole Mounted Transformers.

I have reviewed the documents you provided and found that the choice of transformer winding material (copper or aluminum) is not specified. This parameter is crucial for an accurate quote. Please provide your specific requirements, and I look forward to your reply.

**ANSWER:**

There is no specification listed for the winding material at this time. Bidder must ensure that offer meets all necessary efficiencies, ratings, etc. as specified in GPA Specifications E-012, Revision 11.

All other Terms and Conditions in the bid package shall remain unchanged and in full force.
