RESPONSE:

Bidder No.: 7 dated 12/18/2025:

QUESTION:

1. GPA's response to question 1.b. states "GPA will waive the VGA video port if there are 2x HDMI Ports and 1x Display Port. Refer to CHANGE 3 A and B above."

- a. Change 3A and B in Amendment 1 refers to specification A.8.2 and A.12.2. This response does not address bidder's question, which is relative to Specification B.8 for the 21.5 inch Touch Screen Monitor. For IFB Specification B.8 for Item 1.0, please clarify whether GPA will accept a monitor without a VGA port if a display connection is achieved via an alternative connection type such as DisplayPort, USB-C, or HDMI?
- b. Change 3B in Amendment 1 brings the total required display adapters for the desktop to 3. The IFB specifications also require 3x video ports on the desktop. Relative to Change 3B, please clarify if GPA is requiring 2 x HDMI (female) to Display Port (male) Adaptor.

ANSWER:

If there is no VGA port on the monitor (B.8) the VGA port shall be changed to an additional HDMI port on the Micro/Mini Desktop PC (A.8.2)

If the VGA (B.8) port is changed to a display port, refer to section A.8.2. USB type B (B.8) can be changed out for Type C but an additional USB Type C video port must be provided.

Refer to **CHANGES 3A and 3C** above.

All other Terms and Conditions in the bid package shall remain unchanged and in full force.
