RESPONSES:

Bidder #1 inquiry dated 06/15/2026:

QUESTION:

1. Please confirm if amorphous metal is acceptable with reference to Section 9.11 regarding core materials.

ANSWER:

Amorphous metal is acceptable as the core material for the transformers.

Bidder #13 inquiry dated 06/13/2026:

QUESTION:

1. We are writing to submit an inquiry regarding IFB No. GPA-054-26 for Pole Mounted Transformers.

GPA Specification E-012, Revision 11, Section 4.1(g) requires submission of a "Completed GPA Product Information Sheet". However, this form does not appear to be included in the IFB packet.

Could you please provide the GPA Product Information Sheet template so that we may complete and include it in our bid submission, if required?

Additionally, if applicable, please confirm whether bidders may submit pricing for selected line items only, or whether all five line items must be bid together.

ANSWER:

There is no GPA Product Information Sheet for the Pole Mounted Transformers at this time. Therefore, the non-submission of the GPA Product Information Sheet will not be a reason for disqualification.

This requirement is for an itemized bid and not an all or none bid.

All other Terms and Conditions in the bid package shall remain unchanged and in full force.
