

LANDSCAPE MAINTENANCE  
Zone 1 – Zone 6

GVB IFB 2022-002 thru 2022-007

GVB Response to Questions

November 29, 2021

GVB official response to question received November 19, 2021:

- 1. Kindly define trash and litter that contractors are required to remove.

**GVB RESPONSE:** Litter and trash is deemed to be any material that has been deposited unlawfully or unintentionally on the grass surface that would interfere with the mowing activity or would remain visually unacceptable after the completion of the activity. Materials include but are not limited to paper, cardboard, plastic, glass, rocks, branches, garden refuse, timber, construction related products, spoil, etc.

- 2. Under Section B, Work Requirements, under line item III.3 Cleanup and Debris Removal: Were there cases of disposed white goods in the zones? If so, is the contractor liable to remove such waste as well?

**GVB RESPONSE:** No, however, if the contractor finds any disposed white goods or while during the landscape maintenance, then the contractor is to notify GVB on the same day and immediately upon such discovery.

  
**CARL T. C. GUTIERREZ**  
President
