VI. Reports

a. Management Reports

i. Operational Update

- I. GSWA Board Resolution No. 2023-014 Relative to Authorizing and Approving Recommended Changes to the GSWA Compensation Plan and Request for Governor's Approval.**

General Manager Slike and Comptroller Kakigi presented management's intent to make the pay increase adjustments for the GSWA staff effective July 30, 2023. Comptroller Kakigi explained the funding impact for the last quarter of FY23. Board Chairman Gayle reiterated to the Board that they had previously approved the implementation of the changes to the staff's pay to be effective in January 2024; however, in light of the recent revenue received from Typhoon Mawar Recovery efforts, GSWA management is requesting to move up the effective date to July 30, 2023. Vice Chairwoman Hemlani motioned to approve GSWA Resolution No. 2023-014 provided by GSWA Management; Member Montellano seconded the motion. GSWA Resolution No. 2023-014 was approved unanimously.

General Manager, Irvin Slike, informed the Board that GSWA received book seven from the Engineering Consultant which allows GSWA to receive and handle special waste at Layon Landfill. He submitted the criteria for handling to GEPA for their review and approval. He stated the Federal Receivership wrote the current permit to prohibit acceptance of the special waste. He informed the Board that this will create a new revenue stream for GSWA.

Additionally, General Manager Slike, reported that GSWA will begin accepting the debris from the Typhoon Mawar Recovery efforts at the Layon Landfill. He reported that ECC and PFM are the companies that are handling the delivery of these debris contracted through FEMA and the Army Corps of Engineers. He also provided some insight on how some of the items received will be handled and what the operation period is. Chairman Gayle inquired how the revenue will be determined. General Manager Slike stated that GSWA will provide a tonnage report twice a day and the companies should remit payment by the end of each week. Discussion between the Board and management stated that there may be an additional \$3.1M generated by the waste being received. General Manager Slike reported that he does not anticipate that the volume will too significant to cause a need to begin construction on cell four immediately. He stated that he will have a better idea by the end of September or October 2023.

General Manager Slike reported that the delivery of the newly procured trucks has been extended so there will be an increase of maintenance expenses for the current fleet until the newer trucks are received.

ii. Financial Update

Comptroller Kakigi provided a revenue report to showcase additional revenues and informed the Board that she will work with the Budget Analyst to start loading the funding in the object classes that are in the red.

Additionally, Comptroller Kakigi and General Manager Slike stated that the Ordot Dump costs have increased due to a non-routine cost that was predominantly from using Detry Plumbing to pump out the excess leachate and run the generator at the Ordot Dump.

Comptroller Kakigi also highlighted the areas where GSWA took initiative for cost saving measures. She also reported that there was an increase in the personnel costs due to the hiring of 15 additional employees, but a corresponding decrease in the contractual services costs.

Chairman Gayle highlighted the Commercial and Government Revenue increase for the authority.

b. Legal Counsel's Report

Tabled.

c. Committee Reports

No discussion.

VII. Unfinished Business

a. Island Wide Trash Collection Initiative

Chairman Gayle stated he will reach out and see what updates he can get. Secretary Denney inquired on the places such as “Zero Down” and how it will be addressed with IWC. General Manager Slike stated that they will assess these places and see what can be done such as identifying a collection point.

b. Ordot Post Closure Plan Update

i. **GSWA Board Resolution No. 2023-013 Relative to the Authorization of Court Ordered Payments for the Ordot Post Closure Care Trust Account Funding Sources.**

General Manager Slike presented the Resolution to comply with the court order requiring two payments into the fund, one in September 2023 and the second in December 2023, and described the funding sources for those payments. GM Slike also explained that the Receiver sent their technical memorandum to the necessary parties such as the Department of Justice and Environmental Protection Agency. Chairman Gayle explained that the payments have increased due to the current fund being in a *de minimis* 0.03% interest bearing account. Additionally, General Manager Slike reported that the meet and confer will commence on July 28, 2023. Vice Chairwoman Hemlani motioned to approve GSWA Resolution No. 2023-013 provided by GSWA Management; Secretary Denney seconded the motion. GSWA Resolution No. 2023-013 was approved unanimously.

c. Layon Cells 1 and 2 Closure

No discussion.

d. Rate Case with Public Utilities Commission

General Manager Slike provided an update affirming that the Rate Case remains on a promising trajectory for its scheduled timeline in the Fall of 2023, with all expectations pointing towards a successful conclusion by January 2024.

VIII. New Business

No discussion.

IX. Communications and Correspondence

None.

X. Public Forum: Members of the public to contact GSWA to be placed on the agenda if they wish to address the board.

None.

XI. Next meeting

The next meeting will be held via video conference on Thursday, August 31, 2023 at 1:00 pm.

XIII. Adjourn

Secretary Denney made a motion to adjourn the meeting, and Member Montellano seconded the motion. The motion passed unanimously, and the meeting adjourned at 2:16 pm.
