Proposed Issuance of Underground Injection Control System Operating Permit for City Hill Company(Guam) Ltd.
Public Review and Comment Period: April 26, 2024 - May 28, 2024

The Guam Environmental Protection Agency (Guam EPA) runs the Underground Injection Control (UIC) Program, as mandated by the Safe Drinking Water Act, and approved by U.S. EPA. The Agency regulates all applicable activities as set forth in the Guam's UIC Regulations. The UIC Program requires operating permits for all existing injection wells/systems. This includes wells built prior to the approval of the regulations are still in operation, and wells/systems constructed after the effective date of the regulations.

Guam EPA has received renewal application from City Hill Company (Guam), Ltd. for injection system located at the parking areas of the Guam Plaza Resort in Tumon. The facility is a hotel with stores, restaurants, and water park.

On the basis of a preliminary UIC requirement review, the Administrator has proposed issuing UIC permit to allow discharges of stormwater runoff into the injection system.

The discharges contain stormwater runoff only. No industrial discharges or any discharges are allowed into the system.

The permit for this application will require:

1. Only stormwater runoff to be discharged into the injection system
2. Semi-annual monitoring of water quality for MBAS, Oil and Grease, NO3-N, Endrin, Lindane, Toxaphene, 2, 4-0, 2, 4, 5-TP Silvex, Heptachlor, Methoxychlor, Lead, Benzene, Ethylbenzene, Xylene, Toluene, MTBE, Boron, COD, and pH;
3. Assurance regarding repairs, replacement, or abandonment of the well/system in the event of failure;
4. A laboratory analysis report of runoff water taken from the designated sampling point of the system; and
5. Compliance with other UIC requirements.

A copy of the Draft Permit and Permit Application for the above applicant and all other supporting document are available for public inspection from 8 a.m. until 5 p.m. Monday through Friday at the Water Resources Management Program Section of the Water Division, Guam Environmental Protection Agency, located at 17-3304 Mariner Ave., Tiyan, Barrigada 96913.
 For more information, contact Ms. Susan Marquez, at (671) 300-4778 or at (671) 300-4751.
 Written comments on the draft permit may be hand delivered or mailed to the address below. Comments must be received by Guam EPA no later than 5 p.m., Tuesday, May 28, 2024. No fax submittals will be accepted.

If there are no appeals, the Draft Permit becomes final. Operation of the injection system identified by the applicant may proceed subject to the conditions of the permit and other applicable legal requirements.
 The final decision to set conditions and issue the final permit or deny application for the permit will be decided after all comments have been considered. If no comments are received within the 30-day waiting period, the final permit shall be issued immediately after the commenting period closes.
 Please bring this information to the attention of all persons who may be interested in this matter.
