The GBME noted that the following applications were and issued since the last GBME meeting:</p> <ol style="list-style-type: none"> <li>1. Jonathan C. Hays – GRC</li> <li>2. Michael J. Golden – GRC</li> <li>3. Samer S. Shuaib – GRMC</li> <li>4. Shayla B. Nesbitt – Sagua Mañagu</li> <li>5. Megan Elizabeth G. Klocek – GMHA</li> </ol> <p>Dr. Berg informed the GBME that, upon the invitation of the Governor, he will meet with her, but not in the capacity of a GBME member, to discuss the utility of continuing the authority to issue temporary emergency licenses after the declaration of emergency is lifted due to the shortage of physicians. He stated that Dr. David, Asst AG Weinberg and the HPLO Administrator are also expected to attend. Subsequently, and if it is determined there is a value to continue this flexibility of issuing temporary licenses, he would propose that this issue be placed on the GBME agenda, so that the GBME could discuss the matter in open forum, especially since a change in the law would be required. He extended invitation for other members to participate in the discussion.</p> <p>Dr. Berg also stated that, it is his understanding the GBME members are fully compliant with completing the Government Ethics Training, and Asst AG Weinberg is planning to establish another training prior to the end of the year.</p> | Chair & HPLO Administrator                     | 16:20               | Temporary Emergency Licenses Issued                    |

GBME-CO-2021-011 – Received: 11/17/2021. Dr. David reported that she received the prosecutive memorandum which outlined the remaining actions from the assigned attorney, and she intends to present at the next meeting a proposed resolution which formally directs the physician involved to submit to an interview with the investigators. Although she is of the opinion that the prosecutive memorandum could not be share with the GBME members, she could provide a copy of the proposed memorandum prior to the meeting. He further stated that GMHA is still in the process of conducting its internal investigation; therefore, the GBME is unable to address this complaint at this time. He stated that he would contact Dr. Bordallo for an update to be provided at the next meeting.</p>  |                   |                     | Reassigned to Dr. Berg                                      |
|       | <p>4. GBME-CO-2022-003 – Received: 01/24/2022. Dr. Cruz reported that he is awaiting written consent from the physician, which will allow contact with his mental health professional to obtain information on his progress. However, at the time of the meeting, the physician had not yet checked his email. Dr. Berg requested that the physician be reminded of his obligation to keep the GBME apprised of his situation and to reply to GBME requests. Dr. Cruz stated that the physician stated that he would check his mail. In addition, Dr. Cruz stated that the physician provided an update on his court case, which will be held on 5 December 2022 and where he will plead guilty and be placed on probation for two years. According to the plea agreement, if he is in full compliance at the end of probationary period, then the case will be expunged.</p> <p>Dr. Berg stated that is important for the GBME to have more detailed information on the conditions of the plea agreement regarding his recovery, so that the Board could determine if he remains fit to continue medical practice for the safety of the community. Therefore, an update from the mental health professional will be useful information to support the Board's decision.</p> <p>Dr. Cruz inquired about the Board's actions regarding a guilty plea during the probationary period. Dr. Berg stated that the GBME would need to individualize its assessment based on the requirements. For instance, the Board may simply need a monthly update on his progress in treatment and compliance with the conditions of his plea agreement. If he violates his conditions that would interfere with his ability and fitness to provide safe medical care, then that would be a concern of the Board. Mr. Flores stated that he foresees a two-year surveillance of his progress, which may include drug and urine testing, counseling sessions, etc.</p> <p>In conclusion, Dr. Berg requested that more information be provided at the next meeting on the physician's requirements following the 5 December court hearing.</p> | Dr. Cruz          |                     | Await Outcome of 5 Dec 2022 Court Hearing on Plea Agreement |
|       | <p>5. GBME-CO-2022-006 – Received: 02/10/2022. Dr. David reported that she received the prosecutive memorandum which outlined the remaining actions from the assigned attorney, and she intends to present at the next meeting a proposed resolution which formally directs the physician involved to submit to an interview with the investigators. Although she is of the opinion that the prosecutive memorandum could not be shared with the GBME members, she could provide a copy of the proposed resolution prior to the meeting. |       | <p>6. GBME-CO-2022-010 – Received: 06/21/2022. Dr. Berg stated that Dr. Bordallo is awaiting receipt of medical records for review.</p>  | Dr. Bordallo      |                     | In Progress   |
|       | <p>7. GBME-CO-2022-012 – Received: 07/20/2022. Mr. Flores reported that he spoke with the physician, who felt the treatment was justified; however, the patient was rude to her and her staff. The patient subsequently received follow-up treatment elsewhere. He stated that the patient simply wants an apology. He stated that he has learned through social media there have been numerous complaints against the physician regarding her ‘bedside manner’. However, the physician stated that an apology is not justified; therefore, she will not apologize for her actions or behavior. Therefore, he assesses that this complaint does not warrant a violation of medical practice or adverse action by the Board. Dr. Adolphson stated that the physician’s behavior or actions would fall within the topic of professionalism; this has been addressed by this Board before. Therefore, a level of professionalism and mutual respect should be considered. <i>Motion to close the case: Mr. Flores; 2<sup>nd</sup> Dr. David. NOTE: Mr. Flores agreed to draft a letter of concern regarding professionalism and on other complaints received.</i></p> | Mr. Flores        |                     | Closed the Case. Mr. Flores to draft a letter to the Physician  |
|       | <p>8. GBME-CO-2022-013 – Received: 09/13/2022. At the request of Dr. Berg, Dr. David looked into the case and determined that the complaint was filed by the patient’s sibling against the place of business and non-physician medical staff (i.e., nurses and technicians). Therefore, the GBME lacks jurisdiction. Furthermore, there has been no response to her last email correspondence. <i>Motion to close: Dr. David; 2<sup>nd</sup>; Mr. Flores.</i></p>  | Dr. Berg          |                     | Closed the Case   |
|       | <p>B. Application(s) for Full Licensure:</p> <p>1. Edward B. Holm. Dr. Berg stated that the applicant provided an explanation in writing as to the reasons why he had not practice since 2017 (e.g., COVID restrictions, personal caregiving responsibilities, health issues but is now in remission, etc). Since he has a 5-year gap and there are no other jurisdictions that allow licensure after a 5-year gap, he recommends that the applicant complete a recognized re-entry program (e.g., PACE) including a full re-evaluation/assessment before consideration of licensure; this process is recognized by the FSMB. Although he may qualify for initial licensure, he has not completed any CMEs since 2022. <i>Motion to place application on-hold until successful completion of a recognized re-entry program: Dr. Berg; 2<sup>nd</sup> Berg. NOTE: HPLO to set-up teleconference between Dr. Berg and Applicant.</i></p>   | GBME              |                     | Application on-hold until successful completion of recognized re-entry program HPLO to set-up telecon with Chairman and Applicant |
| VIII  | <p>New Business</p> <p>A. Complaint(s):</p> <p>1. GBME-CO-2022-014 – Received: 10/21/2022. Dr. Berg summarized the complaint stating that a patient complained that a physician did not seriously take her complaint of being exposed to contaminated water, which led to health issues, but also delayed diagnosis, making her and her daughter ineligible from joining a class action lawsuit. GBME is awaiting more detailed information before it could forward the complaint to the physician. Dr. Berg stated that he will consult with Asst AG Weinberg, provide copies to the Board members and assign the case. <i>Motion to send the complaint to the physician: Dr. Berg; 2<sup>nd</sup>; Dr. Adolphson.</i></p>  | GBME              | 1700                | Dr. Berg to consult w/ Asst AG Weinberg; Send Complaint to Physician (cc: GBME members)   |

(NOTE: Dr. Adolphson recused herself from the discussion. Dr. Berg stated that he had received numerous inquiries from the applicant regarding the status of the application, to include a request to meet his employer; however, Dr. Berg refused to address any inquiries outside of the GBME deliberations and knowledge. Dr. Adolphson was placed in a similar situation during a social engagement where she was approached on the status of the application but refused to discuss the matter. For the GBME members to be compliant with the government ethics and its rules and regulations, it would have been inappropriate to discuss these inquiries outside of the GBME meetings.)<br/>Dr. Berg stated that the applicant, who was licensed under a separate state medical board, was subject to specific conditions to maintain his license, but was able to relocate to Guam. The state board subsequently agreed to eliminate some of the restrictions; however, the other conditions of the agreement remained in effect until the compliance period ended. The GBME agreed to review the applicant's progress in 6 months' time. To date, the applicant's employer and another physician have provided a positive report. Dr. David stated that the applicant appears to be doing well in his recovery under supervision and appears to be fully compliant with the remaining conditions (e.g., attendance at AA meetings, alcohol and drug screening); therefore, she does not recommend imposing any additional restrictions, provided the applicant remains compliant. In-line with the FSMB, the GBME should be supportive of impaired physicians in their recovery; however, the GBME should be prepared to intervene in the event there are any flags that come before the attention of the Board. Furthermore, she stated that his license will be subject for review next year. Dr. Berg supported the foregoing comments and recommended that the applicant must continue to comply with the requirements imposed by the state board, which will be communicated in writing to the applicant by Dr. Berg.</li> </ol> | GBME              |                     | <p>Approved</p> <p>Conditionally Approved</p> <p>Conditionally Approved</p> <p>Approved</p> <p>Approved with the understanding that Applicant must comply with Minnesota State Medical Board requirements.</p> |

# England beats Senegal 3-0

Associated Press

AL KHOR, Qatar — Like all great strikers, Harry Kane's timing was perfect.

The England captain got off the mark Sunday, scoring his first goal at this year's World Cup in a 3-0 victory

over Senegal that set up a must-see match against France in the quarterfinals.

It certainly was a good time for Kane to end his dry spell in Qatar because Kylian Mbappe, the tournament's leading scorer with five goals, is waiting to face England on Saturday at Al Bayt Stadium.

**Japan readies for Croatia**

DOHA, Qatar — Japan defender Yuto Nagatomo has told his teammates they'll need

to show "samurai spirit" in Monday's round-of-16 match against Croatia at the World Cup.

Japan is appearing in the knockout stage for the fourth time and still searching for its first win. It rallied in group play to beat both Germany and Spain — two former world champions — 2-1 but also stumbled to a 1-0 loss against Costa Rica.

**Mbappé leads France to win**

DOHA, Qatar — It all seems so straight-

forward — laughable, perhaps — for Kylian Mbappé when it comes to the World Cup.

The France forward, who scored four goals when he led his country to the title four years ago as a 19-year-old phenom, put on yet another demonstration of how devastating he can be on the soccer field.

Mbappé scored two goals Sunday and set up another for Olivier Giroud to give France a 3-1 victory over Poland and move the 2018 champions within three wins of successfully defending their title.

## Håtsa

Continued from Page 36

"I think the services we did touched our hearts and made us feel a little more grateful for the things we have," said teammate Naiyah Taimanglo. "The children we played with and gave to were still the happiest kids on earth with the biggest smiles on their faces no matter their circumstances."

First time traveler and the boys team's oldest player Dylan Millon said that he also had a great time with the kids and that it's always a good feeling to see them have fun and smile.

## Calabuso Barangay

The sounds of almost 30 kids ages 3-to-4 years old can get very hectic. However, the organized chaos on another day was perfect as the team had fun servicing youngsters at a daycare in the Calabuso Barangay. After taking a very long and bumpy two-mile jeepney ride into the valley in between mountains, the Guam team went into feeding duties almost immediately. They served pizza and jungle juice

with a smile, the players witnessed nothing but joy from the kids and their respective parents' faces. When lunch was done, it was play time, where Håtsa players also donated bags filled with donated clothes for children and adults of the community.

"Being able to get our players to extend a helping hand or show a small gesture of kindness is what the Guam and Håtsa spirit is all about," said Quintanilla.

The team's co-captain Ursula Ziegler said she enjoyed the trip overall. "I learned to be more grateful of the things my parents have blessed me with in my life. This trip made our team grow closer and stronger, we made new bonds and memories that I'm sure we will never forget. I will never forget my time I spent there," Ziegler said.

## Homecoming

While the teams are back home, the mission to do great on the court and outside the lines doesn't stop. Håtsa is back on the court polishing their skills while continuing to serve. The team has already done two Salvation Army Red Kettle Bell ringing and

will be volunteering in the upcoming Santa's Toy Shop toy distribution. Throughout the holidays, giving back has always been one of the teams' non-volleyball goals.

"Our coaches keep us working hard on the volleyball court all the time," said Millon. "But at the same time, they always talk about giv-

ing back in any small or big way that we can."

## Thank you

Håtsa and their coaches send a very sincere and heartfelt thank you to those who have contributed or supported in one way or another. Special thanks to Gov. Lou Leon Guerrero and Lt. Gov. Joshua Tenorio,

American Passport Renewal Center and Mail Hub, UMS Heavy Equipment, Archway Inc., Green Group Holdings, Cali Bakery, Mr. Dave Crisostomo, Mrs. Bistra Mendio-la, Grill Sgt., Mighty Purple, Guam Visitors Bureau, Former Governor Eddie Calvo, Inalahan Mayors Office, Malessos' Mayors Of-

fice, Talo'fo'fo' Mayors Office, MADDAWG and Untitled Sports.

The team also thanks Mr. Gideon Diestro and coach Ace Gactuan of the Philippines who were instrumental for making the journey abroad great. The teams also thanks the parents and guardians of every single Håtsa volleyball player.
