APPLY NOW!!

22 - CARPENTER WITH 1 YEAR EXPERIENCE

\$15.58 PER HOUR*

Constructs, erects, installs and repairs structures and fixtures of wood, wallboard and plywood, including framework. Uses carpenter's hand tools and power tools conforming to local building codes. Reads blueprints, sketches, or building plans to determine type of work required and materials needed. Prepares layout, using ruler, framing square, and calipers. Erects framework for structure and lay subfloor board.

26 - CEMENT MASON WITH 1 YEAR EXPERIENCE

\$15.66 PER HOUR*

Smooths and finishes surfaces of poured concrete floors, walls, sidewalks, or curbs to specified textures using hand tools or power tools including floats, trowels, and screeds. Signals concrete deliverer to position truck to facilitate pouring concrete. Spreads concrete into inaccessible section of forms using rake or shovel. Levels concrete to specified depth and workable consistency using hand screed and floats to bring water to surface and produce soft topping. Lays concrete blocks and mixes cement using shovel or cement mixing machine.

11 - ELECTRICIAN WITH 2 YEARS EXPERIENCE

\$

18.41 PER HOUR*

Plans layout, installs and prepares wiring, electrical fixtures, apparatus and control equipment. Plans new or modified installations to minimize waste of materials. Provides access for future maintenance and avoids unsightly, hazardous and unreliable wiring consistent with specifications and local electrical codes. Prepares sketches concealing wiring and installs before completion of future walls, ceilings and floorings. Measures, cuts, bends, threads, assembles and installs electrical conduit using tools such as hacksaw, pipe threader, and conduit bender. Pulls wiring through conduit and splices wires by stripping installation from terminal loads with knife or pliers. Twist or solder wires together and apply tape or terminal caps. Connects wiring to lighting fixtures and power equipment using hand tools. Installs control and distribution apparatus such as switches, relays and circuit breaker panels fastening to place with screw or bolts using hand tools or power tools. Connects power of cable to equipment.

11 - REINFORCING METAL WORKER WITH 1 YEAR EXPERIENCE

\$16.73 PER HOUR*

Positions and secures steel bars in concrete forms to reinforce concrete. Determines numbers, sizes, shapes, and locations of reinforcing rods from blueprints, sketches, or oral instructions. Selects and places rods in forms and spacing, and fastens them together using wire and pliers. Cuts bars to required lengths using hacksaw, bar cutters, or acetylene torch.

Verification of qualifications required.

**Special Wage Rate: Work to be performed on DPRI-funded projects and projects covered by Davis Bacon, Service Contracts Act, and/or Executive Order 14206 will be paid no less than the indicated wage rate but may be paid more where special rates apply.*

Successful applicant must be able to obtain U.S. military base access pass. Off-island applicants must complete a health screening prior to working on Guam.

Benefits: Round trip airfare for off island hire; Lodging provided at \$55.00/week; Local transportation to/from jobsite from the employer's designated housing facility; and Employer/employee-paid medical insurance provided.

The job offer meets all EEO requirements, and initiates a temporary placement. The recruitment associated with this job offer is closely monitored by the Department of Labor. Qualified, available and willing U.S. workers are highly encouraged to apply. Should you qualify for the job and are not hired, you may appeal with the Department of Labor who will independently review matter.

Apply in person at the American Job Center
 414 W. Soledad Avenue, Suite 300 GCIC Building Hagatna, Guam
 Or apply online at www.hireguam.com; Enter Keyword: 2024-077

Department of Integrated Services for Individuals with Disabilities

PUBLIC NOTICE

REQUEST FOR PROPOSALS (RFPs) PROVIDING PROFESSIONAL SERVICES FOR THE FOLLOWING:

- RFP 01-2025 - 24-Hour/7-Days a Week Residential Care for Adults with Profound Intellectual and/or Cognitive Disabilities;
- RFP 02-2025 - Respite or In-Home Care Services for Children and Adults with Chronic Disabilities; and
- RFP 03-2025 - Community Habilitation Services for Individuals with Moderate to Severe Intellectual/Cognitive, Developmental, or other Significant Disabilities

The Department of Integrated Services for Individuals with Disabilities (DISID) is soliciting proposals from private public, for profit or non profit organizations, companies or individuals interested in providing: 1. 24 Hour/7 Days a Week Residential Care for Adults with Profound Intellectual and/or Cognitive Disabilities; 2. Respite or In-Home Care Services for Children and Adults with Chronic Disabilities; and 3. Community Habilitation Services for Individuals with Moderate to Severe Intellectual/Cognitive, Developmental, or other Significant Disabilities.

A proposal package is available for review online at www.dsid.guam.gov/rfp or can be picked up at the DISID Director's Office located at 1138 East Marine Corps Drive, Jones & Guerrero Commercial Plaza, Suite C101, Hagåtña during weekdays (except holidays) between 8:30 AM to 4:30 PM. DISID requires that the prospective Offeror register with DISID to ensure they receive notices regarding any changes or updates to the RFP. Official communications, clarifications and amendment to the RFP will be sent to all registered Offerors and posted on DISID's website. A registration form is provided with the RFP Form A. DISID will not be liable for failure to provide notice to any Offeror that does not register contact information.

Written questions regarding this RFP must be addressed to DISID's Director and delivered through U.S. Mail, hand delivery, or facsimile at (671) 477-9183 no later than 4:30 PM Chamorro Standard Time, on **FRIDAY, June 28, 2024**. All correspondence will be recorded, considered confidential, and timely responded to in the form of an answer or amendment, whichever is applicable in accordance with Guam Procurement Regulations. Electronic mail (email) is not acceptable. The DEADLINE FOR RECEIPT OF PROPOSALS is no later than 4:30 PM Chamorro Standard Time, **MONDAY, July 8, 2024**.

All proposals must be submitted ONLY via U.S. Mail, courier, or hand delivery and must be addressed to the DISID Director. DISID shall have the right to reject all proposals or offers that have been submitted in response to this RFP and/or may cancel this RFP at any time if the Director determines such to be in the interest of DISID or if allowed by law or regulation.

For special accommodations, call the Director's Office at (671) 475-4624.

VI	HPLO ADMINISTRATOR'S REPORT	<p>B. Sablan emphasized the importance of ethics training for all Commission members B. Sablan reminded those who have not completed the training to reach out immediately. The final compliance date was in 2024, and any board members who have yet to complete the training must do so as soon as possible.</p> <p>Several memos were sent to all licensees by the HPLO. The requirement for a notary on renewal applications was removed and replaced with the requirement for two 2x2 passport photos for all applications. These changes are specifically applicable to renewal applications.</p>	HPLO Administrator	1014	Register for Training Removed Notary Requirement and Added 2x2 Photo for Renewals
VII	LEGAL COUNSEL REPORT	No report	OAG	1017	No Report
VII I	OLD BUSINESS	<p>A. AGENCY REPORTS:</p> <ol style="list-style-type: none"> 1. Medical Director's Report USNH: Dr. Wescott reported that the hospital is progressing toward becoming a trauma center, although there is no set ETA yet. A key requirement is offering pre-hospital trauma training, and efforts are underway to provide Pre-Hospital Trauma Life Support (PHTLS) and Tactical Emergency Casualty Care (TECC) courses. These courses will initially be available to Federal Fire personnel, with plans to include Guam Fire Department employees. Additionally, forming a regional advisory committee is another requirement for the trauma center, with a meeting scheduled in the next few months focusing on EMS issues. Attendance from all invited members would be greatly appreciated. 2. GMHA: No report. 3. GCC: D. Duenas reported on behalf of GCC, announcing the fall semester EMT course, which is open for registration. Interested individuals should contact either D. Duenas or Tamara Hiura at GCC. Additionally, the second paramedic cohort with GFD is in progress, with participants currently conducting their clinicals and preparing for their second live session in July at GCC. Following this, they will proceed to field training in Texas, tentatively scheduled for October. <p>Lieutenant Elias provided further details, confirming the live session in July and the final session in September. The field clinicals in Tyler, Texas, are tentatively set to</p>	Agency Representatives	1017	Noted

TOPIC		DECISION(S) / ACTION(S) MADE	RESPONSIBLE PARTY	Reporting Timeframe	STATUS
		<p>begin in late October or early November, with efforts being made to conduct field clinicals locally with GFD proctoring the current students.</p> <p>4. GDOE: J. Quinene announced that summer school will begin on Monday, June 10th, and run until July 13th. Additionally, the AED program will be implemented before the end of June, as required by Public Law 37-25, which mandates AEDs in place. The AEDs have been received, and staff are undergoing CPR training in preparation for the program's implementation.</p> <p>5. DPHSS: Not present</p> <p>6. DPW: Not present.</p> <p>7. GPD: Not Present</p> <p>8. EMS for Children: B. Sablan provided updates on the EMS for Children grant. Guam has been selected to participate in a collaborative effort with GMHED to prepare the facility for pediatric readiness, working closely with the Guam Fire Department to ensure the availability of necessary medical equipment and supplies. The pediatric readiness program is set to roll out in a year, and preparations are underway.</p> <p>Unfortunately, due to the new financial system rollout by DOA, a \$30,000 requisition for medical supplies and equipment was delayed. As a result, the process must be restarted. Angel Llagas has been identified as the Pediatric Emergency Care Coordinator for Guam Fire Department, and Pauline Perez for Guam Memorial Hospital. Collaboration with Dr. Legaspi continues to secure the required medical supplies. Board members are invited to provide input or join the subcommittee to ensure a cohesive rollout of the pediatric readiness project.</p> <p>9. Emergency Medical Dispatcher: No report</p> <p>10. GRMC: No report</p>			
IX	New Business	<p>A. COMPLAINT:</p> <ul style="list-style-type: none"> • EMS-2024-001 <ul style="list-style-type: none"> ○ Sablan provided background on complaint EMS-2024-001. The Division of 	EMSC	1026	Noted Complaint will Remain on Agenda for

TOPIC	DECISION(S) / ACTION(S) MADE	RESPONSIBLE PARTY	Reporting Timeframe	STATUS
	<p>Environmental Health reached out for guidance regarding pharmaceuticals or medications brought in by a passenger. This matter has been escalated to the board for review. Chief Burrier has been assigned to address the complaint, and he will provide further details.</p> <ul style="list-style-type: none"> ○ Chief Burrier elaborated on the situation regarding complaint, which involved a U.S. Marshal EMT. This position, which is relatively new, involves U.S. Marshals employing EMTs or paramedics to escort prisoners during transit and provide necessary care. In this specific case, a U.S. Marshal EMT carried a jump kit with Basic Life Support (BLS) items and medications, which caused concern when he arrived in Guam due to a lack of prior notice and understanding of the kit's contents. ○ The EMT's authority to provide care is limited to in-flight situations under the direction of a medical director based in D.C., and he has no authority to practice as an EMT on the ground in Guam, lacking both a license and an agreement between the U.S. Marshal Service and Guam authorities. Consequently, customs impounded his kit temporarily until he was able to depart. The primary issue was the EMT's lack of authorization to practice on land in Guam. ○ Z. Pecina inquired about the previous statement, drawing a parallel to the military's ability to practice on Guam when registered with the board, and asked if the DOJ is considered similar to the military. ○ Chief Burrier clarified that the DOJ is separate from the DOD, with different regulations. The DOD has an MOU allowing mutual aid responses under DOD medical direction, but DOD EMTs or paramedics must be licensed in Guam to practice outside of mutual aid scenarios. Conversely, DOJ personnel, such as the U.S. Marshal EMT in question, are under the authority of a medical director in D.C. and have no agreement to practice in Guam. ○ Chief Burrier suggested reaching out to the DOJ for better communication and possibly establishing an MOU to clarify that DOJ personnel with jump kits are not authorized to practice on the island. Z. Pecina agreed that this matter should remain on the agenda for further discussion and the development of an action plan. Additionally, the possibility of requiring DOD paramedics and EMTs to be 			Further Discussion

	<p>licensed in Guam should be considered.</p> <ul style="list-style-type: none"> ○ Chief Burrier also mentioned the need to support USNH pursuit of trauma center recognition, which involves setting up a regional advisory committee including Saipan and the Micronesia FSM. Establishing regional communication for the transportability of certifications might be necessary as future interactions with these entities are expected. ○ Z. Pecina addressed the Commission members, stating that they received an inquiry about EMS regarding the administration of narcotics by paramedics and advanced EMTs. Chief Burrier was asked to review this matter, specifically regarding the requirement for a DEA license when administering narcotics. The concern was whether individuals need to obtain their own DEA license or if it could be covered under the medical director's license. ○ Chief Burrier clarified that, historically, narcotics administration has been covered under the medical director's DEA license. Even with advanced EMTs, narcotics were administered under the medical director's prescription. However, they agreed to review the situation to ensure compliance. ○ Z. Pecina mentioned sending an article for review to ensure compliance, citing changes in nursing regulations where APRNs, as independent practitioners, now need to obtain their own DEA licenses. They stressed the importance of confirming whether EMS regulations still allow for narcotics administration under the medical director's license. <p>B. AMBULANCE INSPECTIONS:</p> <ul style="list-style-type: none"> ● Marianas Medical Services (MMS) Temporary Certificate for License Plate No. 4744CV. The Commission was informed about conducting an inspection on Mariana's Medical Services (MMS) and issuing a temporary certificate for 90 days until they achieve compliance. Notably, MMS operates a red ambulance, and they were advised to change the color as red typically signifies emergency vehicles, which should be exclusively associated with the emergency department. 			MMS has been Requested to Change Ambulance Color
	<p>C. EMS WEEK (Celebrating 50 Years of EMS)– May 19, 2024 to May 25, 2024</p> <ul style="list-style-type: none"> ● EMS Week was deemed very successful. Ms. Wella, the chair, and the committee were thanked for their leadership and efforts in organizing the event. The community 			Noted

	<p>and the EMS Commission expressed satisfaction with the collaborative effort that led to a successful EMS week. The Commission extended thanks to all involved and expressed gratitude to everyone who assisted and participated in EMS Week.</p>			
	<p>D. NASEMSO MEETING</p> <ul style="list-style-type: none"> • Dr. R. Leon Guerrero shared insights from the NASEMSO meeting, highlighting different programs implemented by various states. They discussed the use of small cards containing pediatric vital signs and a laminated tape-like tool for quick reference during emergencies. Additionally, they suggested exploring requirements for school clinic personnel to have BLS training and recommended providing O2 sensors in schools. They also proposed offering BLS, PALS, or modified PEDS courses at GDOE to ensure staff are adequately prepared for emergencies. • Furthermore, they emphasized the importance of adequate training to prevent mishaps, citing an incident where improper handling led to tragic consequences. They suggested considering training programs for school health counselors in BLS or modified PALS courses. Funding for pediatric software through the Department of Transportation was mentioned, but clarification was needed on who could apply for it locally. Additionally, they recommended establishing training programs for school shootings and emergency response protocols. • J. Quinene provided an update on the initiatives undertaken by GDOE nurses in response to Dr. Leon Guerrero’s discussion points. She confirmed that all GDOE nurses are BLS certified as part of licensure requirements, and their certifications are regularly tracked by HR. Additionally, 15 nurses are certified BLS instructors, and efforts are made to certify more staff in BLS and PERS. • Training is ongoing, with a focus on preparing staff for emergencies both within and outside the school setting. Nearly 400 staff members were trained and certified in CPR and first aid for the school year, and monthly drills, such as active shooter and fire drills, are conducted in schools to ensure preparedness. This safety-conscious approach is integral given the significant student and staff population within GDOE. 			Noted
