| VIII | <p><b>Legal Counsel's Report</b></p> <p>Asst AG Morris addressed the following items:</p> <p>1. In reference to the use of Zoom for meetings, it could continue to be used to permit the public to attend meetings in lieu of in-person. As long as they have the option of attending in person, there's nothing wrong with Zoom being sort of the primary vehicle to allow people to join the meetings. Now that the COVID emergency is done, there is the potential that someone could challenge actions taken by the board where board members are participating via Zoom. The default regime under statute is all the board members will be physically present in the same room. So there are two options</p>  | Asst AG Morris    | 1210                | Noted                      |

| Item | Discussion  | Responsible Party             | Reporting Timeframe | Status                     |
|------|---|-------------------------------|---------------------|----------------------------|
| IX   | <p>I would just flag for the board's consideration: First is to ensure that actions already taken by the board are not later challenged on that basis; and the board might consider a formal ratification of all actions taken previously where the meeting was conducted partly by Zoom. Second, the Board could decide to make Zoom participation a formal part of its Rules and Regulations for conducting meetings. Z. Pecina inquired if there were a new law that would prevent utilizing Zoom for future meetings; he stated that there was no new mandate to prevent participation via zoom. With respect to voting, she recollects a mandate in 2023, which permitted Board members to vote via zoom. She stated that she would provide a copy to the OAG.</p> <p>2. Asst AG Morris announced his departure from the AG's office, noting that a new Asst AG would assess outstanding requests, including those regarding minimal publication requirements and board member confirmation processes. The Chair stated that these issues will be addressed in a future meeting.</p> |                               |                     |                            |

|      | <ul style="list-style-type: none"> <li>In reference to the Board's concern regarding the lengthy process to progress the complaints, Z. Pecina stated that it has been challenging due to the turnover of attorneys at the OAG. Additionally, she stated that concerns were raised about the implementation of a new procurement system by the Department of Administration, causing difficulties due to ongoing training and uncertainties about its effectiveness. Despite these challenges, she suggested that the Board consider hiring an attorney or make the effort to review the cases and determine if the cases could be closed administratively without additional legal assistance, as was done in the GBME and GBNE.</li> <li>Asst AG Morris stated the longstanding attorney general policy that the OAG does not prosecute cases on behalf of the board, indicating that such cases typically require board decisions and resource commitments. Based on his discussions with Attorney McDonald, he highlighted the potential expensive costs associated with legal actions, especially those that are contested; therefore, suggested that the Board take budgetary considerations into account and obtain a cost estimate prior to filing actions and proceeding with a court case. He emphasized the need for informed decision-making due to the rapid escalation of costs in legal proceedings.</li> <li>Dr. Miller proposed that a letter of concern be drafted and sent out as well as public notices be published in local and international newspapers, primarily to inform offenders to stay within their scope of practice. N. Cepeda supported Dr. Miller and suggested that the Board needs to act. Z. Pecina urged that the letter be completed and sent to the offending establishments.</li> <li>Asst AG Morris stated that the OAG provides legal services to the Board; however, it will not prosecute unauthorized practitioners for the Board. Z. Pecina stated that she is working with the OAG and that any communication must be done through a memorandum to the OAG. Please forward all requests to the OAG through the HPLD Administrator.</li> </ul> |                   |                     |                      |
