IV	<p>The Board was reminded that the complaints and investigation process, along with a comprehensive chart attached to the Standard Operating Procedure (SOP), should have been shared with them as it serves as a useful guide for making decisions regarding disciplinary actions and fines. Additionally, the Board members were reminded to complete their ethics training, with a session scheduled at the University of Guam on July 31st. For the NIC proctor exam training, Ray, Ashley, and Marcy are currently scheduled, though the date remains tentative.</p> <p>It was also noted that the contract for the online testing option is close to being signed. Despite this, the option for paper and pencil examinations will remain available to accommodate those who prefer it, especially during the transition period. This flexibility is intended to be maintained for about six months to ensure all applicants have the opportunity to choose their preferred examination format. The Board factors will be utilized for remote examinations, and provisions will be made for those with different needs, such as reliable internet connection, ensuring all candidates can access the testing process.</p>		HPLO	0920	Unanimously Approved Noted

V TREASURER'S REPORT	<p>During the Treasurer's report, it was noted that a detailed report could not be provided at that moment. However, it was mentioned that all pending expenses, including invoices, would be paid. There was an increase in the budget for travel and contractual obligations, specifically mentioning an upcoming executive director meeting and an annual conference that would be attended. Emphasis was placed on ensuring that the proposed budget aligns with the Board's needs and meets upcoming expenses, reinforcing the importance of aligning the proposal with the Board's financial requirements for the next period.</p>	B. Sablan	0923	Noted
V1 OLD BUSINESS	<p>A. Rules and Regulations - Ongoing The discussion on the rules and regulations is ongoing. Progress has been made, particularly in areas concerning sanitation, which falls under the jurisdiction of public health and has already passed their goals and regulations. The Board's focus, however, remains on the licensing aspect of the industry. There was consensus on the need for a draft to be reviewed, and a second set of eyes was suggested to ensure all statutes are detailed adequately.</p> <p>A preliminary review of the draft will be conducted, followed by a thorough examination by the attorney if necessary. The document, currently in Word format, will be circulated among Board members for feedback. J. Bruan was asked to verify if any changes were made to the document she sent. After the meeting, a follow-up will be conducted to ensure all members are on the same page and that any missed details are addressed. Members were encouraged to add anything they felt was missing from the document.</p> <p>B. Complaints 1. GBBC-CO-2024-0001 – Date Received: 01/16/2024. A. Taitano mentioned having recommendations but noted the absence of M. Tiong. Consequently, A. Taitano motioned to table the discussion until the next meeting. <i>Motion to Table: R. Santos; 2nd: J. Bias</i></p> <p>2. GBBC-CO-2024-0002 – Date Received: 04/22/2024. Efforts have been made to contact the individual involved in the complaint, including an attempt to visit in person rather than merely calling. However, there has been no response so far, and the investigation remains ongoing.</p> <p>C. Stay Fresh Academy Daniel Gurwell, representing Stay Fresh Academy, reported that the academy currently has only four active part-time students. Despite numerous inquiries, there have been no new student commitments. Recognizing the need for a minimum operational base, he decided it would be best to complete the education of the current students and then close the school. Consequently, he sees no point in pursuing accreditation. A. Taitano-Sablan inquired about a timeline for this process. Daniel Gurwell agreed to work on a report to submit to the Board within the week, noting that most of his students are close to finishing. He acknowledged the issue of students who enrolled but stopped attending because they</p>	GBBC	0925	On-going

	<p>are working illegally in barber shops. He placed these students in inactive status due to their non-attendance and the lack of evidence regarding their current activities. Daniel Gurwell expressed that without a mechanism to prevent such unauthorized work, the problem would persist, affecting not just his school but others as well. Given these challenges and the infeasibility of adding one student at a time, he plans to phase out operations and will provide a detailed report to the Board soon.</p> <p>A. Taitano-Sablan stated that the extension on Stay Fresh Academy's establishment license expired today. A. Taitano-Sablan reminded everyone that, from the last meeting, one of the stipulations for an extension was to show progress in the accreditation process by registering for the ISS workshop. Given the new information about the school closing and not seeking accreditation, the Board will discuss the next steps regarding the establishment license.</p> <p>A. Taitano-Sablan requested Daniel Gurwell to provide information on the projected end date for the current active students. The Board needs details on the progress of these students and their expected completion dates. This information will help the Board decide on the future of the establishment license. Daniel Gurwell agreed to provide the necessary information.</p> <p>When asked for a tentative date regarding the completion of his students' education, Daniel Gurwell indicated that most students would finish within a month or two. However, there is one part-time student for whom he needs to review hours and confirm the exact completion date. He estimated this student might take around five months to complete their program. Daniel Gurwell mentioned that if the school were to close, measures outlined in his policies and procedures would be taken to support the affected students. This student would likely be the last one enrolled at Stay Fresh Academy.</p> <p>A. Taitano-Sablan stated her position, expressing reluctance to agree to a five-month extension for Stay Fresh Academy. Instead, she proposed approving an extension for one month and revisiting the issue at the next meeting to assess the students' progress. She emphasized the importance of students completing their education, especially those who are full-time, and suggested extending it until the end of August based on the information provided by Daniel Gurwell regarding student completion timelines.</p> <p>She acknowledged that if students do not finish by then, they would need to decide how to proceed, possibly by completing their hours elsewhere or making other arrangements. A. Taitano-Sablan underscored the financial and personal investments students have made, particularly considering the upcoming ISS workshop in September, indicating the need for a concrete plan moving forward.</p> <p>A. Taitano-Sablan emphasized the importance of fairness in continuing education for the students until a definitive end date for their programs is established. She suggested extending the deadline potentially until September to allow students time to plan their next steps. She urged Daniel Gurwell to communicate with his students promptly so they can make informed decisions about their education.</p> <p>A. Taitano-Sablan proposed to revisit the extension request in the next meeting, which would provide an opportunity to receive updated and concrete information about the students' progress</p>

This approach would ensure that decisions are made based on current and accurate data regarding the students enrolled at Stay Fresh Academy. <i>Motion to extend establishment license to next meeting on August 5th: R. NEW BUSINESS	<p>A. Application for Examination</p> <p>1. Youl Lee Choi – Cosmetologist <i>Motion to Approve: R. Santos; 2nd: J. Blas</i></p>			Unanimously Approved
	<p>B. Application For Apprentice</p> <p>1. Katrina Quichocho – Cosmetologist A. Taitano-Sablan presented Katrina Quichocho's application for apprentice status, noting that her last examination was in 2022. According to statute, if an applicant does not re-examine within a year of passing or failing any part of the examination, they are required to retake the entire examination. A. Taitano-Sablan recommended treating Quichocho's application as a new examination application rather than a re-examination due to the elapsed time since her last attempt. She proposed disapproving Quichocho's application for re-examination and suggested that she apply anew, including paying the full examination fee. This approach aligns with the statutory requirement that a full examination be taken under these circumstances. <i>Motion to Table Until Application for Examination is Submitted: R. Santos; 2nd: J. 	<p>2. Dominida R. David – Esthetician It was noted that there were errors in the checkboxes on her application. The Board decided to proceed with a conditional approval, contingent upon the correction of these errors. Once the correct information regarding her payment eligibility is provided, her application will be fully approved. <i>Motion to Conditionally Approve Pending Correction of Payment: M. Tiong; 2nd: J. Blas</i></p>			Unanimously Conditionally Approved Pending Corrections on Application
	<p>3. Katrina Quichocho – Cosmetologist The applicant will need to submit a new application for examination rather than re-examine.
