IX	OLD BUSINESS	<p>A. AGENCY REPORTS:</p> <p>1. Medical Director's Report USNH: Dr Wescott reported that USNH recently had their base radio repaired that has been down for many years, part of this is for GFD to do radio check with us. C. Mateo from E911 GFD will include base with their radio checks. Dr. Westcott stressed that JRM and GFD had a standard operating procedure approved for mutual aid calls, it has been approved for a few months, and Dr. Westcott wants to confirm if the SOP guidelines have been pushed out to the individuals. SOP outlines can transition to care, so when JRM and Fed fire takes over for a call there is a procedure we go through to insure there is no lapse in care, same goes with GFD to push to their individuals. We have been approved as a NAEMT – PHTLS and TECC course site, we had our inaugural courses we talk to our Federal Fire employees at JRM, currently there is no funding to extend this to GFD, and However Dr. Westcott is looking for funding sources. There are some grants for homeland security that she is looking at and a few other places to get some money to extend these courses to GFD. Dr. Westcott has come across a few cases recently where there are multi departmental interdisciplinary prehospital responses, Guam Fire Rescue, HSC 25, Coast Guard and JRM Federal Fire working on calls together we can established a forum for doing a morbidity and mortality type of review for those kinds of cases. Dr. Westcott asked if any of the agencies have done this kind of cases or if there is a way to formalize the feedback to do case review for interdepartmental and interdisciplinary calls. C. Mateo responded for GFD they do not have anything in line of morbidity and mortality, if there is a coordinated response regarding GFR, GFD, HSC 25 and Coast Guard, that is ideally Guam fire rescue and Coast Guard led, they are very routine on those types of reviews. C. Mateo will push it out the GFD assistant chiefs and will put them in contact with Dr. Westcott.</p> <p>2. GMHA – P. Perez reported out that flu season is coming especially for children, Pediatric has been running low on some supplies. Albuterol is one of them. She voiced if any other of the agencies have excess supplies like respiratory drugs or</p>	Agency Representatives	1025	Noted

Duenas reported that she had to cancel the EMT course due to low enrollment, Currently they have the 23rd fire academy that is running at GCC, they are currently going through the EMS 103 or EMT course and they will be starting there clinicals and ride-alongs. We also have the Paramedic Cohort II that is preparing to start there third and final live session this December, then they will be going off island for their field internships in Tyler Texas. A. Llagas GFD reported for the 23rd fire cycle is an apprenticeship program where they do ride-alongs and clinicals at the hospitals. 4. GDOE – J. Quinene reported they are continuing with there monthly ED drill at all schools. We still have a handful of schools still pending their AEDs, and still working with our maintenance team to get their cabinets installed. It is still a working progress, and at least 30 of our 41 RNs they are now BLS certified, and on November 19 we will get the rest of then group certified. 5. DPHSS - M. Bell has finished their Shriners clinic at the Northern Regional Community Health Center. We services 242 children with special health needs seen by the Shriners average about 30 a day. 6. DPW - not present. 7. GPD – not present 8. EMS for Children- B. Sablan reported that we are continuing to get GMH and GFD pediatric ready a run estimate for 2025 for GMHA and GFD. We are slowly inputting requisitions for medical supplies and equipment for GMH and GFD. We will prepare a requisition for the GDOE nurses for the training they need. We are going to try again to have an EMS conference so we can provide CE's and training for per-hospital personnel. B. Sablan reported that she attended the NASEMSO Western Regional Meeting in California. There is a lot of projects the will be rolling out as far as NHTSA and NREMT. One of the pilot project is blood being transported using drones and another one is universal number that is being assigned to EMTs or Paramedics so we can track our EMS personnel. There is an upcoming annual meeting in May 2025. 9. Emergency Medical Dispatcher-We are in the process of hiring addition dispatchers about 5, pending processing 10. GRMC - no report <p>B. Complaint – EMS-2024-001 – motion to table Dr. Westcott 2nd C. Mateo</p>
