VII I	OLD BUSINESS	<p>A. AGENCY REPORTS:</p> <p>1. Medical Director's Report USNH: Dr. Wescott reported that the hospital is progressing toward becoming a trauma center, although there is no set ETA yet. A key requirement is offering pre-hospital trauma training, and efforts are underway to provide Pre-Hospital Trauma Life Support (PHTLS) and Tactical Emergency Casualty Care (TECC) courses. These courses will initially be available to Federal Fire personnel, with plans to include Guam Fire Department employees. Additionally, forming a regional advisory committee is another requirement for the trauma center, with a meeting scheduled in the next few months focusing on EMS issues. Attendance from all invited members would be greatly appreciated.</p> <p>2. GMHA: No report.</p> <p>3. GCC: D. Duenas reported on behalf of GCC, announcing the fall semester EMT course, which is open for registration. Interested individuals should contact either D. Duenas or Tamara Hiura at GCC. Additionally, the second paramedic cohort with GFD is in progress, with participants currently conducting their clinicals and preparing for their second live session in July at GCC. Following this, they will proceed to field training in Texas, tentatively scheduled for October.</p> <p>Lieutenant Llagas provided further details, confirming the live session in July and the final session in September. The field clinicals in Tyler, Texas, are tentatively set to</p>	Agency Representatives	1017	Noted

		<p>begin in late October or early November, with efforts being made to conduct field clinicals locally with GFD proctoring the current students.</p> <p>4. GDOE: J. Quinene announced that summer school will begin on Monday, June 10th, and run until July 13th. Additionally, the AED program will be implemented before the end of June, as required by Public Law 37-25, which mandates AEDs in place. The AEDs have been received, and staff are undergoing CPR training in preparation for the program's implementation.</p> <p>5. DPHSS: Not present</p> <p>6. DPW: Not present.</p> <p>7. GPD: Not Present</p> <p>8. EMS for Children: B. Sablan provided updates on the EMS for Children grant. Guam has been selected to participate in a collaborative effort with GMHED to prepare the facility for pediatric readiness, working closely with the Guam Fire Department to ensure the availability of necessary medical equipment and supplies. The pediatric readiness program is set to roll out in a year, and preparations are underway.</p> <p>Unfortunately, due to the new financial system rollout by DOA, a \$30,000 requisition for medical supplies and equipment was delayed. As a result, the process must be restarted. Angel Llagas has been identified as the Pediatric Emergency Care Coordinator for Guam Fire Department, and Pauline Perez for Guam Memorial Hospital. Collaboration with Dr. Legaspi continues to secure the required medical supplies. Board members are invited to provide input or join the subcommittee to ensure a cohesive rollout of the pediatric readiness project.</p> <p>9. Emergency Medical Dispatcher: No report</p> <p>10. 		<p>Environmental Health reached out for guidance regarding pharmaceuticals or medications brought in by a passenger. This matter has been escalated to the board for review. Chief Burrier has been assigned to address the complaint, and he will provide further details.</p> <ul style="list-style-type: none"> ○ Chief Burrier elaborated on the situation regarding complaint, which involved a U.S. Marshal EMT. This position, which is relatively new, involves U.S. Marshals employing EMTs or paramedics to escort prisoners during transit and provide necessary care. In this specific case, a U.S. Marshal EMT carried a jump kit with Basic Life Support (BLS) items and medications, which caused concern when he arrived in Guam due to a lack of prior notice and understanding of the kit's contents. ○ The EMT's authority to provide care is limited to in-flight situations under the direction of a medical director based in D.C., and he has no authority to practice as an EMT on the ground in Guam, lacking both a license and an agreement between the U.S. Marshal Service and Guam authorities. Consequently, customs impounded his kit temporarily until he was able to depart. The primary issue was the EMT's lack of authorization to practice on land in Guam. ○ Z. Pecina inquired about the previous statement, drawing a parallel to the military's ability to practice on Guam when registered with the board, and asked if the DOJ is considered similar to the military. ○ Chief Burrier clarified that the DOJ is separate from the DOD, with different regulations. The DOD has an MOU allowing mutual aid responses under DOD medical direction, but DOD EMTs or paramedics must be licensed in Guam to practice outside of mutual aid scenarios. Conversely, DOJ personnel, such as the U.S. Marshal EMT in question, are under the authority of a medical director in D.C. and have no agreement to practice in Guam. ○ Chief Burrier suggested reaching out to the DOJ for better communication and possibly establishing an MOU to clarify that DOJ personnel with jump kits are not authorized to practice on the island. Z. Pecina agreed that this matter should remain on the agenda for further discussion and the development of an action plan. Additionally, the possibility of requiring DOD paramedics and EMTs to be 			Further Discussion

		<p>licensed in Guam should be considered.</p> <ul style="list-style-type: none"> ○ Chief Burrier also mentioned the need to support USNH pursuit of trauma center recognition, which involves setting up a regional advisory committee including Saipan and the Micronesia FSM. Establishing regional communication for the transportability of certifications might be necessary as future interactions with these entities are expected. ○ Z. Pecina addressed the Commission members, stating that they received an inquiry about EMS regarding the administration of narcotics by paramedics and advanced EMTs. Chief Burrier was asked to review this matter, specifically regarding the requirement for a DEA license when administering narcotics. The concern was whether individuals need to obtain their own DEA license or if it could be covered under the medical director's license. ○ Chief Burrier clarified that, historically, narcotics administration has been covered under the medical director's DEA license. Even with advanced EMTs, narcotics were administered under the medical director's prescription. However, they agreed to review the situation to ensure compliance. ○ Z. Pecina mentioned sending an article for review to ensure compliance, citing changes in nursing regulations where APRNs, as independent practitioners, now need to obtain their own DEA licenses. They stressed the importance of confirming whether EMS regulations still allow for narcotics administration under the medical director's license. 			
		<p>B. AMBULANCE INSPECTIONS:</p> <ul style="list-style-type: none"> • Marianas Medical Services (MMS) Temporary Certificate for License Plate No. 4744CV. The Commission was informed about conducting an inspection on Mariana's Medical Services (MMS) and issuing a temporary certificate for 90 days until they achieve compliance. Notably, MMS operates a red ambulance, and they were advised to change the color as red typically signifies emergency vehicles, which should be exclusively associated with the emergency department. 		and the EMS Commission expressed satisfaction with the collaborative effort that led to a successful EMS week. The Commission extended thanks to all involved and expressed gratitude to everyone who assisted and participated in EMS Week.			
		D. NASEMSO MEETING <ul style="list-style-type: none"> • Dr. R. Leon Guerrero shared insights from the NASEMSO meeting, highlighting different programs implemented by various states. They discussed the use of small cards containing pediatric vital signs and a laminated tape-like tool for quick reference during emergencies. Additionally, they suggested exploring requirements for school clinic personnel to have BLS training and recommended providing O2 sensors in schools. They also proposed offering BLS, PALS, or modified PEDS courses at GDOE to ensure staff are adequately prepared for emergencies. • Furthermore, they emphasized the importance of adequate training to prevent mishaps, citing an incident where improper handling led to tragic consequences. They suggested considering training programs for school health counselors in BLS or modified PALS courses. Funding for pediatric software through the Department of Transportation was mentioned, but clarification was needed on who could apply for it locally. Additionally, they recommended establishing training programs for school shootings and emergency response protocols. • J. Quinene provided an update on the initiatives undertaken by GDOE nurses in response to Dr. Leon Guerrero's discussion points. She confirmed that all GDOE nurses are BLS certified as part of licensure requirements, and their certifications are regularly tracked by HR. Additionally, 15 nurses are certified BLS instructors, and efforts are made to certify more staff in BLS and PERS. • Training is ongoing, with a focus on preparing staff for emergencies both within and outside the school setting. Nearly 400 staff members were trained and certified in CPR and first aid for the school year, and monthly drills, such as active shooter and fire drills, are conducted in schools to ensure preparedness. This safety-conscious approach is integral given the significant student and staff population within GDOE. 			Noted

The property described below will be sold WITHOUT WARRANTY BEING GIVEN, express or implied, regarding title, possession, rights of redemption or encumbrances, as hereinafter described, to the highest bidder at public auction, at the Mayor's Office, Humatac, Guam at 3:30 p.m. on **Thursday, October 10, 2024**, to satisfy the amount due on such mortgage on the day of sale. Terms of sale are strictly cash or as otherwise deemed acceptable by Seller.

The premises that are described in such Mortgage and that will be sold to satisfy the Mortgage are more particularly described as follows:

Lot 33, Block 2, Tract 3321, Unit 1, Humatac formerly Umatac, Guam, Estate Number 55489, Suburban, as said lot is described in that Final Subdivision of Tract No. 3321, as shown on Drawing Number JCS-02-77, as L.M. Check Number 342 FY 77, dated 15 February 78 and recorded on 27 March 78 under Instrument No. 289994 at Land Management.

For informational purposes only, the above referenced map indicates the property contains an area of 650 ± square meters or 7,000 ± square feet.

Last Certificate of Title Number: 75649 - Francisco M. Aguon and Magdalene M. Aguon.

Together with the buildings, improvements, tenements, rights, easements, privileges and appurtenances to the same belonging or appertaining or held and enjoyed herewith, including the reversions, remainders, rents, issues, profits thereof, all personal property, fixtures, chattels, furnishings, inventory thereon, and all of the estate, right, title and interest of the Mortgagor, both at law and in equity, therein and thereto.

The undersigned is the attorney for the lawful owner of such Mortgage and the Note secured thereby, **MAGDALENE M. SANCHEZ** has defaulted in performance of the terms and conditions of the Note and Mortgage in favor of Mortgagee dated November 24, 1998, and the unpaid principal, accrued interest, escrow balance, accrued late charges, foreclosure attorney fees, lender paid advances, mail costs, property inspections, publication costs, title costs, recording costs, property preservation and appraisal fees sum due is **NINETY-TWO THOUSAND ONE HUNDRED NINETY AND 38/100 DOLLARS (\$92,190.38)** as of August 13, 2024, plus interest on the unpaid principal balance at the rate of \$11.40 per day from August 13, 2024 to the date of full payment, together with costs of sale, additional late charges and attorneys' fees, are due and owing.

This Third Amended Notice of Sale hereby amends the previous Second Amended Notice of Sale recorded at Department of Land Management under Instrument No. 997181 on date April 12, 2024 due to the need for internal loss mitigation review.

The undersigned reserves the right to withdraw this Notice, to reject any bid or to accept the highest bid, and to postpone the sale from time to time.

This Third Amended Notice of Sale Under Mortgage is made for the purpose of collecting a debt and any information obtained by the undersigned will be used for that purpose.

Dated this 21st day of August, 2024.
