V	Committee Reports	<p>Rules and Regulations (Proposed). G. Woodard confirmed that the rules and regulations had been reviewed the previous Thursday, with the APRN section deemed complete and ready for submission. R. Sumaylo noted that the first part of the document still requires work before the entire package can move forward. The APRN section, along with the education component, was confirmed to be satisfactory. Legal counsel had previously reviewed the rules and regulations, providing valuable input that helped eliminate redundant language and clarify ambiguous sections. There was a general consensus on the importance of submitting the finalized rules and regulations to the legislature for adoption, and board members were invited to offer any final additions or reviews. G. Woodard agreed that the executive should conduct a final review of the document, and if it meets her requirements, it could then proceed to submission. When suggested to either vote on the submission</p>	GBNE	1516	Noted, Board

Item		Discussion	Responsible Party	Reporting Timeframe	Status
		during the current meeting, contingent upon the executive's approval, or wait until the next meeting, the consensus leaned toward postponing the vote to the next meeting due to outstanding comments. G. Ramos brought up that there may be pending input from UOG, specifically concerning discussions between the UOG president and Dr. Varghese, although Dr. Varghese confirmed that no such discussion had occurred yet. G. Ramos indicated she would follow up with the UOG president for clarification. The discussion continued with clarification that the qualifications for clinical instructors, as stated in the rules and regulations, apply to all nursing schools on the island, not just UOG. Dr. Varghese emphasized that instructors teaching in RN programs must possess at least a master's degree, reflecting a standard that has been consistently upheld across multiple board sessions. Although the board does not intend to lower educational standards, it acknowledged that in cases of acute staffing shortages or special circumstances, schools could request a waiver from the Guam Board of Nurse Examiners (GBNE). The board noted that such waivers have precedent, though none have been requested in recent years. G. Ramos relayed a conversation with UOG President Enriquez, who expressed concern over difficulties in recruiting clinical instructors due to the master's degree requirement. She suggested aligning with the accrediting agency's minimum standard of a bachelor's degree for clinical instructors. However, Dr. Varghese stated that she could not formally respond on behalf of the school and reaffirmed that any action from the board would need to follow an official request from school authorities. It was also mentioned that UOG plans to expand its nursing program capacity from 40 to 60 students, but this initiative is currently constrained by a shortage of qualified instructors. G. Ramos agreed to follow up with President Enriquez to continue the dialogue, and the meeting transitioned to confirming whether there were any further comments regarding the rules and regulations.			
VI	Nursing Education	Dr. Varghese acknowledged that the team had intended to meet for a discussion to compile questions for Indiana, as previously noted in the minutes of the last meeting. However they were unable to meet. <i>Motion to Table to the Next Meeting: G. Woodard; 2nd Dr. Varghese.</i>	Dr. Varghese	1522	Unanimously Tabled

		1. GBNE-CO-20-007/1, 2, 3, 4, 6 & 7 Received 9/16/20. The board was informed that the status of the matter remained unchanged due to the disapproval of the procurement method initially used to engage an offline consultant. As a result, it was necessary for the board to initiate a formal RFP process in order to properly secure the necessary services.	G. Woodland		On-Going
