IV	Treasurer's Report	No report.		Dr. Calalo	1508	No Report
V	Committee Reports	Rules and Regulations (Proposed). Discussion took place regarding the progress of submitting updated rules and regulations to the Guam Legislature. G. Woodard noted that delays had occurred due to challenges in obtaining legal counsel for a proper review. He expressed understanding that the rules had been updated and would be forwarded to the Legislature following legal review, but also suggested that, if necessary, the board might consider submitting them without legal counsel's input, pending further discussion. B. Sablan provided an update clarifying that the Rules and Regulations Committee had not yet completed the final draft, which is necessary before submission to the board's attorney. It was also mentioned that language required by the FBI for background investigations would be re-sent to the committee for inclusion. G. Woodard		GBNE	1509	Noted

Item		Discussion	Responsible Party	Reporting Timeframe	Status
		acknowledged the urgency of the matter, emphasizing the need to modernize the rules, which date back to 1984.			
VI	Nursing Education	Indiana State University During the meeting, members revisited a prior discussion concerning the implementation of a 100% simulation clinical component and emphasized that progress could not be made without first establishing appropriate rules and regulations. Dr. Varghese noted that no communication had been received from relevant parties, nor had the board reached out, as it was deemed unnecessary in the absence of finalized regulations. G. Woodard questioned the urgency of the matter, pointing out that UOG already operates similar programs, and suggested delaying further action until there is a stronger demand. When asked whether the issue should remain on the agenda, consensus formed around removing it for now and revisiting it during the broader review of Article 6 regulations. There was agreement that a formal vote was not required to remove the item from the agenda.	Dr. Varghese	1511	Noted
VII	Executive Officer's Report	A. GBNE Complaints 1. GBNE-CO-20-007/1, 2, 3, 4, 6 & 7 Received 9/16/20. G. Woodard provided an update indicating that an application had been submitted for funding to engage an outside entity to review this case, which would remain on the agenda until either a third-party opinion is received or the statute of limitations expires. Progress was acknowledged to be slow, described as "moving at the speed of government." B. Sablan brought an additional matter before the board regarding complaint number CO20-007-1. It was clarified that the complaint involves unnamed nurses, making it impossible to conduct a proper investigation. G. Woodard gave further clarification and confirmed that while other individuals were identified through a CMS investigation, the individual in number seven, was not identified. Given the lack of identification, He moved to omit complaint number seven from the case, recommending that this portion of the complaint be dropped due to the absence of a named licensee. <i>Motion to Omit Complaint Number Seven: G. Woodard; 2nd: B. Manzana.</i>	G. Woodard	1513	Omit Complaint
VIII	Old Business	A. Appointment of Advisory Committee The board engaged in a detailed discussion regarding a proposed advisory initiative intended to support the orientation of newly appointed members. B. Manzana explained that the recommendation stemmed from the reality of board member turnover and emphasized the importance of ensuring continuity. The concept involved having a predecessor, or an experienced former board member, guide the incoming member through the transition process to help them navigate their new responsibilities effectively. This support, she explained, would be temporary and focused on preserving institutional knowledge during transitional periods. M. Gay questioned the need for formal involvement from previous members during official meetings, suggesting that new board members typically learn through direct experience and informal mentorship. B. Manzana shared her personal experience in which her predecessor played a vital role in preparing her for her duties, suggesting that a structured orientation process could be beneficial.	GBNE	1517	Unanimously Motioned to Remove Section from Agenda

Item	Discussion	Responsible Party	Reporting Timeframe	Status
	G. Woodard acknowledged the intent behind the proposal but cautioned that formalizing such a process might create additional administrative burden. He shared that in his own experience, the transition had been informal and dependent on support from executive officers, recognizing that while learning by doing is often necessary, any effort to ease the transition for future members could be worthwhile. B. Manzana agreed that the proposal may not need to take the form of a formal committee or permanent program, but rather serve as a flexible, temporary mechanism for a "warm handoff" between outgoing and incoming members. The board agreed that further consideration was needed to determine the structure and timeline, and they welcomed additional suggestions to refine the initiative and ensure it serves its intended purpose without becoming unnecessarily burdensome. Dr. Varghese expressed appreciation for B. Manzana's initiative but aligned with concerns raised by M. Gay, emphasizing that informal orientation and training are already in place and sufficient. She noted that upon appointment, GBNE and HPLO staff provide ample guidance, including a formal orientation session attended by all board members, which effectively covers foundational responsibilities. While acknowledging the complexity of investigations and disciplinary matters, she stressed that such knowledge is often gained through experience and external training, some of which board members have had the opportunity to attend. Dr. Varghese also voiced practical concerns about the feasibility of acting as an advisor after leaving the board, particularly given the voluntary nature of their service. She advocated instead for a more flexible, informal support system, rather than establishing a standing committee or formal advisory structure. G. Woodard summarized the discussion by acknowledging the intent behind the proposal and recognized the value of easing transitions. However, he noted that the board already engages in such informal mentorship, and formalizing the process could add extra work. He reiterated that former board members are welcome to attend public meetings and informally support new appointees if they choose. With general agreement from the board and no further objections, he recommended removing the item from the agenda pending further discussions among the board members. <i>Motion to Remove from the Agenda: G. Woodard; 2nd: Dr. Varghese.</i> B. Impaired Provider Program The board discussed the development of an impaired provider program, with G. Woodard reporting efforts to gather and adapt policies from other states to fit Guam's regulatory context. A key challenge identified was securing an independent agency to conduct required monitoring—such as drug screening and counseling—for a period of two to three years. Although three potential agencies were identified, none had responded to outreach attempts. The intent is for licensees to cover the costs of their own monitoring, with the independent agency reporting non-compliance directly to GBNE, prompting any necessary disciplinary action. Dr. Calalo asked whether the board would bear any financial burden, it was clarified that the licensees would be solely responsible for paying the agencies. A broader conversation followed about the philosophical approach to handling impaired providers. G. Woodard questioned whether the board wished to continue handling such cases individually or pursue a structured program, expressing a preference for a rehabilitative path that supports safe reintegration into practice.			Noted

Item		Discussion	Responsible Party	Reporting Timeframe	Status
		B. Manzana noted that the NCSBN portal provides established pathways and guidelines for addressing impaired providers, which many states follow. She offered to circulate relevant NCSBN materials for the board's review via email. G. Woodard supported this direction, stressing the importance of balancing public safety with compassion for affected licensees, and highlighting the potentially severe personal consequences of punitive-only approaches. The board agreed to revisit the issue in future meetings under old business and expressed intent to further explore implementing a supportive, structured program modeled after NCSBN standards.

		DUI-related incident during the renewal process. According to the background presented, the incident occurred in June, and although S. Villaverde initially submitted his application with police and court clearances within the required 60-day period, those documents did not reflect the DUI at that time. Upon request, updated documentation, including the magistrate's complaint, was submitted and shared with both the chair and the executive officer. S. Villaverde appeared before the board alongside his legal counsel, W. Gavris, who confirmed that charges were pending in connection to a DUI but emphasized that the incident was unrelated to his professional practice or patient care. Counsel stated that S. Villaverde had no history of alcohol-related offenses or misconduct, and while declining to discuss the specifics of the incident due to ongoing legal proceedings, maintained that it did not reflect a substance abuse problem. When G. Woodard asked directly whether he felt safe to continue practicing nursing, S. Villaverde affirmed that he did, stating he had no substance abuse issues and considered himself a safe practitioner. Following the discussion, G. Woodard moved to conditionally approve S. Villaverde's license renewal, with the condition that the outcome of the pending legal case be reported to the board. B. Manzana added a request that the results of the court proceedings be communicated directly to the board or HPLO upon resolution. lost momentum with errors at the net and service line, allowing Okkodo to close the gap.

After a timeout, however, St. John's regrouped and capitalized on the Bulldogs' errors, sealing the first set, 25-21.

Set 2

Much like the first set, both teams opened by trading errors.

The Knights gained an early edge behind Naima Cook's precise setting, which allowed their hitters to score at the net.

The Bulldogs, however, stayed strong on offense,

Jia Peters on the attack for the Knights.

sending attacks that forced the Knights into scrambles.

As Okkodo approached set point, St. John's called a timeout to regroup. The set closed with long rallies, but the Knights' passing struggles continued, allowing the Bulldogs to take the set, 25-21.

Set 3

The Knights opened the third set with strong attacks that forced the Bull-

dogs into passing errors.

Okkodo kept the score close with Estoy mixing in timely tips against the Knights' defense.

As St. John's attacks slowed, the Bulldogs capitalized on hitting errors and pulled ahead, securing the set, 25-22.

"We had a lot of hustle, and that is what kept our energy up and made us push even more to fight," Estoy said.

Set 4

St. John's took an early lead behind the powerful swings of Amara Del Carmen and Jia Peters.

Okkodo played it safe, sending tips and free balls into the Knights' zone. With St. John's ahead, 13-8, both teams called quick timeouts.

After the break, the Bulldogs regained communication and became more aggressive, but the Knights kept control with continuous kills from Del Carmen

and Peters. St. John's closed out the set, 25-21.

Set 5

With the match tied at two sets each, both teams battled for the win.

At the net, Okkodo's Taurehn Arjona and Samantha Primero each contributed two kills, while Estoy added three more. From the service line, Primero delivered two aces to keep the Bulldogs in the lead.

Knight Peters targeted her attacks to the back row, but Estoy defended each one, helping Okkodo hold firm and secure the decisive set, 15-10, to claim the match.

"The ultimate goal is to be up there with all the other schools and show that even though we don't look like a big team, we can play like one," Estoy added.

JV game

On the junior varsity side, the Bulldogs defeated the Knights, 23-25, 25-17, 25-18.

The Academy Cougars finished the JV season undefeated.

the sharp shooting of Ethan Domingo, Christian Bernal, Gerwin Lagman, and Cyrus Abad.

The Bulldogs rounded out the top three with 49 points, fueled by Donor, Kyle Leonardo, Rainen Fernando, and Javen Coronado.

With just a slim 1.5-point lead over the Sharks, the Islanders are holding onto first place in the overall standings.

Titans trail closely in third, just one point behind the Sharks, while the Bulldogs, Dolphins, Bulls, and Geckos remain in hot pursuit.

All Island singles showdown

The All Island Singles competition is locked in for Oct. 21 at 3:30 p.m. at Central Lanes Bowling Center.

The top bowlers from across the league are ready to battle for individual glory.

Leading the charge are Pineda, Donor, and Duenas—each bringing firepower and finesse to the lanes.

The Sharks dominate the qualifiers with six bowlers: Domingo, Bernal, Lagman, Abad, Joseph Quintanilla, and Jyahnvriel Pineda.

The Islanders will be represented by Pineda, Ayongco, Lee, and Leland DeVera.

Titans send Duenas,

Xavier Sablan, Robert Pere-do III, and Joseph Mesa.

Bulldogs bring Donor, Leonardo, Fernando, and Coronado.

Geckos roll in with Kaleb Santos, Giovanni Kintoki, and Josiah Palomo.

The Bulls pin their hopes on Roen Abaya, while the Dolphins rally behind Brandon Manibusan.

Next up

The Boys Team competition returns on Oct. 16.

With the leaderboard tighter than ever and the All Island Singles title up for grabs, the excitement is building.

"Who will rise, who will roll, and who will reign supreme?" the Guam Bowling Congress said. "Stay tuned and let the pins fly."
