Meeting ID: 874 3729 4770

Passcode: 965198

AGENDA

I. CALL TO ORDER: _____

- a. Roll Call
- b. Proof of Publications

II. APPROVAL OF AGENDA

III. APPROVAL OF MINUTES

IV. TREASURER'S REPORT

V. HPLO ADMINISTRATOR'S REPORT

VI. OLD BUSINESS

a. Initial Applications for Review and Approval

- 1. Yang H. Kim – Dentist
- 2. Junghyun Kim – Dentist
- 3. Kyoung Hee Lee – Dentist

VII. NEW BUSINESS

a. Clinical Examination

b. Initial Application for Review and Approval

- 1. Paul Bon Na – Dentist
- 2. Abigail Kim – Dental Assistant
- 3. Alaina Hoffman – Dental Assistant
- 4. Khyrant Miranda – Dental Assistant
- 5. Girlie Laxamana – Dental Assistant
- 6. Salena Tedtaotao – Dental Assistant
- 7. Marica Marmar – Dental Assistant
- 8. Gina Santos – Dental Assistant
- 9. Tiffany Miner-Quintanilla – Dental Assistant

10. Martin Rios – Conscious Sedation

c. 2025 Renewal Application – please see attached listing

VIII. NEXT BOARD MEETING Next Scheduled Board Meeting:
November 19, 2025 at 3:00 p.m.

IX. ADJOURNMENT: _____

2025 RENEWAL LISTING

Dentist:

1. Stanley Yasuhiro
2. Tawaphan Kelly
3. Chie Hayashi – Periodontics and Implant Surgery
4. Andrea Beckford

Dental Auxiliary:

1. Mary Jaizel Loreda
2. Nida Milallos
3. Armando Mina, Jr.
4. Ma. Nelia Mecate
5. Helen Macatuno

Dental Assistant:

1. Athaliah Gonzalez
2. Myrose Rudolph
3. Jonathan Fernandez
4. Paulina Quintanilla
5. Karla De Torres
6. Gay Dumaran
7. Sharmaine Verango
8. Aileen Onedera
9. Amanda Padrones
10. Joan Ra
11. Nora Perez

Research Matters: Collaborative conservation across land, sea

University of Guam ORSP
For Pacific Daily News

The University of Guam's Cooperative Ecosystem Studies Unit, CESU, is leading the way in environmental research and stewardship through projects that span coral reef monitoring, native plant restoration, endangered species protection, and marine archaeology.

Since 2010, UOG CESU has been part of a national network of more than 300 university and community partners that collaborate with federal agencies to protect natural and cultural resources.

UOG is the only member of this network based in Micronesia and is part of the Hawai'i-Pacific Islands CESU, which opens doors for local scientists to engage in high-impact, federally funded conservation work.

As of 2024, UOG CESU is managing 15 active projects totaling \$13 million in federal grant funding, all administered by Office of Research and Sponsored Programs, ORSP. These projects are carried out by UOG faculty researchers in partnership with Naval Facilities Engineering Systems Command and Joint Region Marianas.

Restoring native forests

At the Center for Island Sustainability and Sea Grant Island Conservation Lab, associate director for natural resources Else Demeulenaere, PhD, leads a \$4 million reforestation project on Department of Defense (now Department of War) lands.

With support from program manager Vince Fabian, the team is removing invasive species like vitex and replanting native trees and shrubs from their on-campus nursery, which currently holds 75 native species.

Thousands of seedlings have been outplanted across

PETER HOUK/UOG MARINE LABORATORY
Peter Houk, PhD, has conducted reef surveys throughout Micronesia and is monitoring coral and fish populations in Apra Harbor that may be affected by construction activities on the Glass Breakwater.

Andersen Air Force Base and Naval Magazine to preserve the diversity of Guam's forests and savanna grasslands.

Safeguarding endangered species

Plants and animals on Guam that are listed under the Endangered Species Act are protected by law. Conservation efforts for endangered plants and animals are carried out to safeguard them and their habitats.

Two UOG CESU projects focus on the propagation and protection of endangered plants native to Guam, including the *Serianthes nelsonii* and rare savanna species. These efforts, also led by Demeulenaere and Vince Fabian's restoration team, involve cultivating seedlings and maintaining outplanted populations on military lands.

In addition, Curt Fiedler, PhD, professor of biology, leads CESU-funded surveys for the endangered Mariana eight-spot butterfly and the cultivation of its host plants, supporting recovery efforts for this rare native species.

Protecting Guam reefs, marine life

UOG Marine Lab is at the forefront of long-term coral reef monitoring. Peter Houk, PhD, professor

of marine biology, leads efforts to track coral health, including bleaching events and disease, at sites around Apra Harbor and other submerged lands managed by the military.

The team is surveying coral and fish populations affected by construction activities on the Glass Breakwater and is compiling the results in a GIS database to inform future marine management practices.

In 2024, the project expanded to include surveys of marine debris and assessments of acute disturbances, such as outbreaks of the crown-of-thorns starfish—a coral-eating predator that can devastate reefs. The team is also actively removing these starfish as part of its reef response efforts.

Supporting this work is Chris Yeo, PhD, of the Water and Environmental Research Institute of the Western Pacific, who is leading water quality monitoring at nearby reef sites and river outputs to provide a fuller picture of reef health.

UOG Sea Grant leads another important marine monitoring effort at Andersen Air Force Base, where it has been leading sea turtle conservation since 2018. UOG researchers conduct regular surveys, protect turtle nests, and track hatchling success at key beaches such as Tarague, Scout, Sirena, and Pati. The program also supports outreach events and school presentations to raise public awareness about sea turtle conservation.

The University of Guam's Office of Research and Sponsored Programs, ORSP, oversees grants acquisition and research initiatives across UOG's nine research centers.

GUAM BOARD OF EXAMINERS FOR DENTISTRY REGULAR BOARD MEETING

Physical/Mailing Address:
194 Hernan Cortez Ave. Terlaje
Professional Bldg. Suite 209
Hagatna, Guam 96910

Wednesday, October 15, 2025 at 3:00 p.m. (Guam (ChST))

IN THE MATTER OF THE ESTATE
OF

JOAQUIN LEON GUERRERO AGUON,
Decedent.

PROBATE CASE NO. PR0058-04

NOTICE OF PRIVATE SALE OF ESTATE PROPERTY PURSUANT TO 15 G.C.A. § 2311 et. seq.

NOTICE IS HEREBY GIVEN BY Estate Administrator JOAQUIN S. PANGELINAN, that the Estate intends on selling Estate' real property through Private Sale Pursuant to 15 G.C.A. § 2311 et. seq., and that on October 22, 2025, at 10:00 a.m. ("Transaction Date"), of said day in the Courtroom of the Superior Court of Guam, Hagatna, Guam, has been set for hearing of said Petition to confirm the aforementioned private sale. All persons interested are hereby notified to appear at the time and place set for said hearing and show cause, if any, why the Petition should not be granted or to submit written offers and proof of funds to Administrator at the address above for consideration by the Court. The Estate Real Properties intended for private sale are:

PARCEL A:

a) Lot 5309, Ukudu, Dededo, Guam

and PARCEL B:

b) Lot 5312, Ukudu, Dededo, Guam

DATED this 2nd day of October, 2025.

/s/ JOAQUIN S. PANGELINAN,
ADMINISTRATOR

SOUTHERN SOIL WATER CONSERVATION DISTRICT REGULAR BOARD MEETING

Wednesday, October 15, 2025 at 4:00 P.M.

University of Guam, College of Natural and Applied Sciences, Room 202

AGENDA

- I. Call to Order & Roll Call
- II. Acceptance of Meeting Agenda
- III. Approval of Minutes: 09/24/2025
- IV. Treasurer's Report
- V. Administrator Report
- VI. Old Business
 - a. FY2026 Budget
 - b. FY2026 USDAAPHIS WS Agreement
 - c. 2nd Annual Agriculture Symposium
 - d. 2nd Guam Farmer Focus Conference Sponsorship
- VII. New Business
 - a. OTECH Formal Letter of Request
 - b. Pig Brig Program Proposal
 - c. Federal Lapse in Funding Contingency Plan
 - d. SWCD Director Educational Training Program
- VIII. Collateral Boards and Committees Served
- IX. Board Correspondence
- X. Public Comments/Announcements
 - Next Meeting - 11/19/2025
- XI. Executive Session
 - a. Personnel Actions
 - b. Active Membership Application Review
- XII. Adjournment
