Guam Community Health Centers Welcome OB/GYN Specialist Dr. Christopher Bieling

Hagåtña, Guam — The Guam Community Health Centers (CHC), under the Department of Public Health and Social Services (DPHSS) are expanding access to women's health services with the addition of Dr. Christopher Bieling, a board-certified obstetrician and gynecologist and Fellow of the American College of Obstetricians and Gynecologists (FACOG).

Dr. Bieling will serve patients at both Northern and Southern Region Community Health Centers, providing care for high-risk obstetrics and mentoring CHC providers in colposcopy procedures, further strengthening women's health services across Guam.

Dr. Bieling earned his medical degree from the University of Hamburg School of Medicine, completed his OB/GYN residency at the University of Louisville School of Medicine, and pursued a fellowship in gynecologic oncology at Emory University School of Medicine. His extensive career includes private practice with Atlanta OB/GYN Group, leadership as Medical Director of Women's Wellness and Weight Loss Center, and most recently, service at the Commonwealth Health Center in the Northern Mariana Islands.

Appointments with Dr. Bieling are now available at both CHCs. For more information or to schedule an appointment, please contact the NRCHC at (671) 635-7412 or the SRCHC at (671) 828-7623.
