October 31, 2025

**DPHSS Guam Community Health Center Pharmacy Technician Honored as
“Pharmacy Technician of the Year 2025”**

Hagåtña, Guam – The Department of Public Health and Social Services (DPHSS) and the Guam Community Health Center (CHC) proudly recognize Sandra Leynes, who has been named Pharmacy Technician of the Year 2025 by the Guam Pharmacists Association (GPhA). The award was presented on October 19, 2025, during the GPhA Annual Gala held at the Westin Resort Guam.

Sandra was selected through an anonymous nomination that commended her dedication, work ethic and exceptional contributions to the field of pharmacy on Guam.

With 21 years of service with DPHSS, Sandra has been a cornerstone of the CHC Pharmacy team. Her work has strengthened pharmacy operations through accurate dispensing, improved workflow efficiency, and stronger inventory management. She also supports critical administrative functions such as insurance claims, audit reports, vendor coordination, and software updates while keeping patient safety and care at the center of her service.

Beyond her technical skill, Sandra is known for her compassion and kindness toward every patient and colleague she meets. In her own words: “In a world of medicine, be the dose of kindness. Whether it's a friendly smile or going the extra mile, kindness heals too. Spread positivity and care, one patient at a time.”

Director Theresa C. Arriola commended Sandra for her professionalism and commitment, “Sandra exemplifies the heart of public service. Her humility, dedication, and care represent the mission of DPHSS and the Guam Community Health Center to provide quality, compassionate care to all.”

DPHSS and the Guam Community Health Center congratulate Sandra Leynes on this well-earned recognition and thank her for her unwavering commitment to serve Guam’s patients and families.
