## **Notice:**

### **Final CDBG-DR Eligibility Workshop for Mitigation Program**

#### **FOR IMMEDIATE RELEASE**

Hagåtña, Guam – March 3, 2026

The Guam Housing and Urban Renewal Authority (GHURA) invites local government agencies and nonprofit organizations to participate in the **final Mitigation Program workshop** for the Community Development Block Grant–Disaster Recovery (CDBG-DR). This session will provide a detailed overview of program requirements, eligibility criteria, and the full list of documentation required ahead of the portal launch. Attendees will gain guidance to ensure their proposals are complete and aligned with federal mitigation priorities. Attendees compliant with the requirements under the Hazard Mitigation pillar must complete an RSVP link to attend. Email [mit-dr@ghura.org](mailto:mit-dr@ghura.org) to request the RSVP link.

#### **Final CDBG-DR Mitigation Workshop**

When: Friday, March 6, 2026 from 3PM – 4PM

Where: University of Guam School of Business and Public Administration Building, Lecture Hall IT&E, Room 131

#### ***Hazard Mitigation Plan (HMP) Submission***

Local government agencies and nonprofit organizations with projects currently listed on, or seeking inclusion in, the Hazard Mitigation Plan (HMP) are urged to submit all proposed projects to the Guam Homeland Security Office of Civil Defense. Submission to the HMP is mandatory for project consideration under the CDBG-DR Mitigation Program. For HMP submission guidance, please contact: Lloyd Cubacub, State Hazard Mitigation Officer, at [Lloyd.cubacub@ghs.guam.gov](mailto:Lloyd.cubacub@ghs.guam.gov)

GHURA aims to lead procurement, planning, design, and project implementation on behalf of eligible projects, enabling grantees to remain focused on day-to-day operations while mitigation projects advance efficiently-- closing gaps and addressing the island's remaining unmet needs from the damage of Typhoon Mawar.

-END OF RELEASE-

*CDBG-DR funds are provided by the U.S. Department of Housing and Urban Development to support long-term recovery efforts in communities affected by natural disasters. In January 2025, GHURA was designated to manage \$500.8 million dollars in CDBG-DR funds to help low- to moderate-income (LMI) households recover from Typhoon Mawar. Over the next six years, Fix in Six will help LMI communities by supporting affordable housing, improving public infrastructure, creating economic opportunities, and strengthening mitigation efforts.
