NOTICE TO THE PUBLIC

Program Launch Date Announcement of

Para I Komunidat-Siha (For Our Community): Infrastructure Program 2

The Guam Housing and Urban Renewal Authority (GHURA) presents the Community Development Block Grant-Disaster Recovery (CDBG-DR), *Para I Komunidat-Siha* (For Our Community): Infrastructure Program 2 (IP2).

Applications for IP2 will be accepted beginning June 30, 2026, at 8:00 a.m. (ChST) and must be submitted no later than August 15, 2026, at 11:59 p.m. (ChST). Digital applications are to be submitted online at <https://guamcdbgdr.org/>. *No paper applications will be accepted for this program.*

Eligible applicants are encouraged to complete applications for projects that improve public infrastructure, strengthen critical facilities, reduce future disaster risks, and benefit low- and moderate-income communities, consistent with the priorities outlined in Guam's approved CDBG-DR Action Plan.

IP2 provides funding for eligible infrastructure and public facility projects that **must have a direct/in-direct tie back to typhoon Mawar**, support long-term disaster recovery, increase community resilience, and **address unmet recovery needs resulting from Typhoon Mawar**. The program is funded by the U.S. Department of Housing and Urban Development (HUD) through the CDBG-DR grant awarded to Guam.

Complete application materials, program guidelines, eligibility requirements, and submission instructions are available through the GHURA CDBG-DR Program website <https://guamcdbgdr.org/programs/public-facilitiesinfrastructure>. Applicants are encouraged to review all program requirements carefully before submitting an application. This program will be conducted through an online portal. A valid and active email address is required for access to the portal and to submit all applications.

For additional information about Infrastructure Program 2, please contact: infrastructure-dr@ghura.org.
